*Proceedings of the Madras Government, Public Works Department,
14th June 1872.*

No. 222. Read the following letter from the Officiating Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Ramandroog, 30th May 1872, No. 486:—

I HAVE the honour, with reference to the concluding part of paragraph 2 of G. O., No. 823, dated 23rd March last, to forward, for the information of Government, copy of Mr. Assistant Engineer Hunter's explanation in reference to the delay in the submission of certain completion certificates for works in the Cuddapah Range.

2. In addition to the charge of this range, Mr. Hunter has had charge of the Pullumpett Range from October last on Mr. Supervisor Cowley being suspended, and the reference made in his letter to having to proceed to Kurnool is in connection with stock-taking of the Madras Irrigation and Canal Company's Stores at the different stations.

—

Copy of a letter No. 209, dated 25th May 1872, from the Officer in charge of the Cuddapah Range, to the Superintending Engineer, 3rd Division.

IN reference to your docket No. 123, dated 17th April 1872, I have the honour to account for the excessive delay there has been in granting certificates for the works completed in 1870-71.

I assumed charge of this range from Mr. P. O'Ratigan, Executive Engineer, in June 1871, and at the time of my taking charge no completion certificates had been sent in for the works completed in 1870-71, and I had consequently to inspect them all myself before I could grant the necessary certificates.

1. Madras and Bellary road.
2. Road from Municipal limits via Mussalreddypully to Jenatpoor.
3. Road to Causeway over the Bugga river.
4. Chintacommadinna Tank.
5. Road in front of Mr. Cox's house.
6. Road from Cuddapah to Vaimpully.
7. Madras Road.—Road from Cuddapah to Sidhout.
8. Do. North Arcot frontier at Balpully via Cuddapah to Bellary frontier.
9. Road from Royachetty to Angaloo on Trunk Road No. XVII.
10. Baktarkhan Tank.
11. Labumcheroo Tank.

3. Between June and August 1871 I sent in completion certificates for the works noted in the margin, as I inspected them, one by one. In this latter month I was ordered off to Kurnool, and did not return till September 1871, and on the 17th October 1871 I was given the additional charge of Pullumpett Range.

4. Between my return from Kurnool and taking charge of Pullumpett Range, I inspected and granted certificates for the works noted in the margin.

1. Kopurty Tank.
2. Trunk Road No. XVII.
3. Taluq Cutcherry at Pulivendla.
4. Road from Royachoty via Vaimpully to Yellanoor.
5. Do. from Kadry to Moodanoor.
6. Do. from Camalappoor to Railway Station.
7. Do. from Cuddapah to Patha Cuddapah.

5. Owing to my having charge of this extra range, in which I had to start all work afresh, and also to my having to put the Royachoty taluq to right as well as to examine

and inspect all the works which were in progress in the two ranges, I could not find the time to examine the few works for which the completion certificates had not been given. I have, however, now sent them in. Hoping this explanation will prove satisfactory.
