MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No.	1489	Press
258-259		Mis.
Dated	17-6	1872..

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
17th June 1872.*

No. 258. Read the following letter from the Officiating Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bezvara, 27th May 1872, No. 38:—

As directed in paragraph 4 of G. O., No. 1,225, of 14th instant, I have the

• 10 Survey sheets of the country north of the Pennair.

1 Sketch Survey of proposed canal between Kistnapatam and Nizampatam backwaters.

† Embodied in the Proceedings of Government, Public Works Department, No. 908, of 5th April 1872.

honour to forward, by banghy, the drawings* connected with the proposed extension of the Eastern Coast Canal referred to in Colonel Moberly's letter,† No. 166, of 14th March 1872.

2. The surveys were carried out, I believe, at Sir Arthur Cotton's suggestion, but apparently there is nothing on record to prove this.

3. As the drawings now submitted were made many years ago, and as the survey of several miles of country is missing, I trust that, in the event of detailed estimates being required, you will permit the whole line to be re-surveyed.

No. 259.

ORDER THEREON, 17th June 1872, No. 1,489.

CIVIL WORKS, No. 22.

ORDERED to lie over.

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,

Secretary to Government.

Enclosures 11

The undersigned has the honor to forward, with reference to the letter of 35 of the 10 inst. from the D.C. Bureau the following plans for the extension of the S.C. Canal from Kistabab to his ambatam

A sketch survey of the whole line
Scale 4 miles = 1 inch

3 sheets of survey on 4 inches to a mile
Scale from Pannair (26 miles) to 54 miles

7 sheets on same scale from 61 to 124 miles

The whole length from the Pannair at Kistabab to the his ambatam

Canal appears to be about 140 miles and so about 48 miles of the survey are missing.

2. Inquiry will be made to ascertain whether any more survey sheets, and plans of bridges, cross sections of Canal

can be found in the S.C. Canal
