*Proceedings of the Madras Government, Public Works Department,
26th June 1872.*

No. 365. Read the following letter from the Quartermaster General, to the Chief Engineer and Secretary to Government, Public Works Department, dated Fort St. George, 6th June 1872, No. 4,748:—

With reference to Order of Government, dated 29th November 1871, No. 3,878, directing that requisitions for cooking ranges are to be forwarded through this department to the Officer in charge of the Public Works Workshop, I have the honour, by order of His Excellency the Commander-in-Chief, to inquire if there are any standard patterns of cooking ranges, and if so for what number each description can cook.

2. This information is desirable to enable this department to check the requisitions before forwarding them. The order of Government sanctions cooking ranges for barracks and family quarters. For barrack ranges to cook for fifty and for one hundred would be convenient, and for family quarters smaller ones, each to cook for fifteen or twenty families.

No. 366. ORDER THEREON, 26th June 1872, No. 1,540.

MILITARY WORKS, No. 8.

It will be intimated to the Quartermaster General, for the information of His Excellency the Commander-in-Chief, that no standard patterns of cooking ranges have been ordered to be adopted, but that a discretionary authority to use any description of the known ranges is allowed.

2. A complete set of the papers and diagrams connected with Dr. Duff's ranges, some of which are of the required sizes, will be supplied to the Quartermaster General.
