Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 27th June 1872.

No. 410. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 31st May 1872, No. 973 :—

I HAVE the honour to forward, for the favourable consideration of Government, a letter, in original, from Lieutenant-Colonel Goddard, R.E., Executive Engineer, Presidency. Under the working of Notification of the Government of India, No. 341, 7th October 1870, he has, on his promotion to the pay of Regimental Lieutenant-Colonel, lost Rupees 109 of the pay and allowances to which he would be otherwise entitled.

2. Lieutenant-Colonel Goddard, on the abolition of the office of District Engineer, received the equivalent post of Executive Engineer, and was posted originally, on the 20th May 1864, to the range he now holds, and to which he was again appointed on his return from furlough to England.

3. The re-appointment appears to me to be an acknowledgment on the part of Government of the efficiency of his services.

4. No permanent vacancy for Superintending Engineer has occurred for some time past; I would, therefore, urge that Colonel Goddard has good grounds for asking for the grant of the double increment earned by so much longer tenure of his office than is called for in Clause VIII. of the above-mentioned Notification.

From the Executive Engineer, Presidency, to the Superintending Engineer, 4th Division, dated Fort St. George, 30th May 1872, No. 468.

I HAVE the honour to request that you will recommend, for favourable consideration, my claim to increment of salary to the extent of Rupees 100 per mensem from date of appointment to my present post, namely, 9th April 1872, as provided for in Clause VIII., page 1384 of the *Fort St. George Gazette* of the 25th October 1870.

2. I have enjoyed my present departmental salary without increment for seventeen years. The first seven years as a District Engineer and the last ten (under the re-organization whereby District Engineers were abolished) as an Executive Engineer, 1st Class, 1st Grade.

3. I have been twenty-six years in the service.

4. Having lately attained the rank of Lieutenant-Colonel, 1st Class, I am absolutely a loser under the operation of Notification of Government of India No. 300, dated 19th August 1865, to the extent of Rupees 109 per month as per statement enclosed, and am, therefore, led to solicit an increment of Rupees 50+50, total Rupees 100, if deemed worthy of a recognition of service.

	Rs.
Lieutenant-Colonel's pay and allowances	1,002
Civil salary of Executive Engineer, First Class, First Grade	600
Total Emoluments...	1,602
Pay proper to be debited to the Military Department	243
Balance to be drawn in Department Public Works	1,359
Maximum permitted to be drawn by an Executive Engineer, First Class, First Grade, in the Department Public Works	1,250
Loss...	109

FORT ST. GEORGE,

No. 411. ORDER THEREON, 27th June 1872, No. 1,562.

ESTABLISHMENT, No. 30.

ORDERED that the following letter be sent:—

(Here enter No. 1,563, dated 27th June 1872.)

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government.

PUBLIC WORKS DEPARTMENT,
OOTACAMUND, *27th June* 1872.

No. 412.

No. 1,563.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT, No. 31.

SIR,—I am directed to forward the accompanying letter from Lieutenant-Colonel Goddard, bringing to notice that, under the operation of the Notification of the Government of India, dated 7th October 1871, No. 341, which fixes a maximum staff salary of Rupees 1,250 (exclusive of pay proper) for an Executive Engineer of the first grade, he draws Rupees 109 less than he would otherwise receive on promotion to the rank of Lieutenant-Colonel. Lieutenant-Colonel Goddard, therefore, requests that, in consideration of his having for seven years, under the former constitution of the department, held the position of District Engineer, which was equivalent to that of an Executive Engineer of the first class, and having, since the introduction of the new organization, been an Executive Engineer of the first grade for nearly ten years, he may be allowed to draw the total of the two periodic increments of Rupees 50 each contemplated by paragraph 8 of the Notification above referred to, and which requires only a minimum service of eight years to entitle an Executive Engineer of the first grade to the allowance.

2. As Lieutenant-Colonel Goddard has rendered approved service fully entitling him to the pecuniary recognition intended by the Rules, I am to request sanction for passing to him the allowance of Rupees 100 from the 9th April last when he returned to duty from furlough.

I have the honour to be,
Sir,
Your most obedient servant,

Colonel, R.E.,
Secretary to Government.

Exd. F. R. Bantleman.
