*Proceedings of the Madras Government, Public Works Department,
28th June 1872.*

No. 437. Read the following letter from the Officiating Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 4th June 1872, No. 152:—

With reference to G. O., No. 2,805, dated 6th November 1871, I have the honour to inform you that the Collectors of Tanjore and Trichinopoly have lately forwarded the Irrigation Registers in Tamil for Faslies 1277 and 1278. The Registers are very voluminous, and the compilation therefrom of the information required for the preparation of Forms I., II., and III., adopted in the Godavery, will be a heavier task than my office establishment can undertake for the first time without extra aid. It will probably take six months for an intelligent clerk to compile and prepare the Forms I., II., and III. from the Tamil Registers. I solicit, therefore, that the Government will be pleased to sanction the entertainment of an extra clerk on a salary of Rupees 40 per mensem, for six months, for the above purpose.

No. 438. ORDER THEREON, 28th June 1872, No. 1,578.

ESTABLISHMENT, No. 34.

THE Government observe that the Forms I., II., and III., adverted to by the Superintending Engineer, are inapplicable to the minor streams on which the lands in the Trichinopoly District depend for their supply. Those forms should be adopted in the Tanjore District only, and the Government sanction the entertainment of an extra clerk on Rupees 40 per mensem for a period not exceeding six months for the compilation of the forms.

2. The amount of the clerk's salary will be met from the grant for temporary establishments.
