Grounds of Proposition.

Items 1 to 3 and 5 to 9 are works which are unprovided with allotments in the Budget of the current year and the grants entered opposite to them have been made with a view to their completion or to settle unadjusted demands.

The transfer appearing against Item 4 is a portion of the amount (Rs: 50,000) debitable to Imperial Funds for the construction of a combined Road and River embankment on the west bank of the Godavery between Vizzeveram and Polaveram which is calculated to permanently secure the western Delta from the danger of an inundation. The future maintenance of the Road will be provided from Local Funds. The early execution of the repairs to Item 10 is of much importance.

Items 11 to 13 are for setting up and repairing Dredgers in the Kistna District. The allotment for Tools and Plant, Imperial being inadequate.
