*Proceedings of the Madras Government, Public Works Department,
20th July 1872.*

No. 318 Read the following endorsement of the Acting Chief Engineer for Irrigation, dated Ootacamund, 4th July 1872, No 22 —

From the Acting Agent and Manager of the Madras Irrigation and Canal Company,
to the Acting Chief Engineer for Irrigation, dated Madras, 22nd June 1872, No 158.

I HAVE the honour to inform you that in the present diminished state of the Madras staff it appears to me that the rent paid for the offices might be reduced, the office accommodation afforded by the house we now occupy being much more than is necessary

2 We are paying Rupees 180 per mensem for the present house, and I believe a house might be found in perhaps a more suitable locality and affording ample accommodation for the staff and for stores for Rupees 100 or Rupees 120 per mensem, thus effecting a saving of from Rupees 60 to Rupees 80 per mensem.

3 I am endeavouring to effect a sale to one of the Railway Companies of our stock of telegraph wire, and I propose, with your concurrence, to sell our surplus office furniture by auction. If I succeed in selling the wire the expense of the removal, including stores, will not exceed Rupees 150. If I fail the carriage of the wire will add Rupees 50 or 60 to the cost

4 If you see no objection to the proposition, I will thank you to obtain sanction for the expenditure of Rupees 200 in removing the office establishment and the stores

5 In any case I think it would be advisable to dispose of the office furniture which is not in use, and I shall be glad of your authority to sell it by auction through Messrs. Franck and Co.

SUBMITTED to Government, with a recommendation that the Acting Agent be permitted to spend a sum not exceeding Rupees 200 in the removal of his office.

2. The sanction of Government is also requested to the disposal by public auction of the surplus office furniture of the Agent's office.
