Enclosures. /

Sir,

<sup>+</sup>No 73 of 20<sup>th</sup>  
June 1872.

I have the honor to forward the enclosed letter, in original, from Mr. R. W. Hayes, Supervisor of the 2nd Grade, in which he reports sick and asks to be relieved of the charge of Crumbum Range.

2. I have informed Mr. Hayes that he may hand over charge of the Range to Mr. Supervisor Vardon, at present in charge of the Mundial Range, as a temporary measure, as soon as he submits the Medical Certificate from the Doctor at Crumbum, but

that it will be necessary to obtain a Certificate from a Civil Surgeon, or other competent Medical Officer, before he can obtain a specified period of leave.

3. I propose sending Sergeant Brown, recently promoted to Supervisor 2nd Grade to the charge of the Cumbum Range, and as Sergeant Brown stands posted to the Ballang District, I request he may be transferred to the Kumool District.

4. From all I can learn, the Cumbum Range is most unfortunate in respect of its Range Officers and Overseers. The Staff of the Range can seldom be kept up to its full strength, and the constant changes, in consequence of unhealthiness, have been very

34  
detrimental to its efficiency. It might be worthy of consideration by Government to offer some inducement, as in the case of the Establishments employed in the Wynaad, to those who are employed in the Cumbum Range.

I have &c &c

James Vertue Capt. R.E.  
Offg. Superintg Engineer 324
