No 139

From,

To,

Sir,

Tinnevely, Collectors' Circuit
Butcherly, Pondicherry 23 April 1872

P. H. Puckle Esqre
Collector.

Lieut Colonel P. A. Roberts R.E.
Superint'g Engineer S.E. D.
Madurai.

With reference to the enclosed correspondence, I have the honor to request that you will arrange to place the money for the river embankment at Mr Shepherd's disposal as it is of importance that the work should be completed before October.

I have &c

No. 319. Tinnevely Arumuganori 18th April 1872.

From, The Collector,
To, The Deputy Collector in charge
of the Treasury,
Tinnevely

Sir,
As the embankment of the river
from Strivaygundam downwards is now
about to commence, I have the honor to request
that you will place 20,000 Rs from the
amount subscribed by the Tenkari ryots
towards the Strivaygundam and at the
disposal of Lieutenant Shepherd in the
Tenkari Treasury.

I have &c
(Signed) R. K. Pickle
Collector.

No. 1150. Tinnevely Dy Collector's Office.
20th April 1872.

From, The Dy. Collector in charge
To, The Collector of
Tinnevely

Sir,
In reply to your letter No. 319 dated
18th

Rs. 20,000/12

14/3/72
2
169

18th Instant, I have the honor to inform
you that I am unable to place the sum
of Rs 20,000, therein referred to, at the disposal
of Lieut Shepherd, as the full amount sub-
scribed by the Tenkari ryots towards
the Strivaygundam Amient Project, has
been expended on the construction of the
head sluice and channel and a statement vide G.O. dated
of receipts and expenditure on that account 30th April 1869¹⁸⁷⁰
rendered to the Controller of Public Works Accounts.

2. As it is now the intention of
Government that the subscriptions of
the ryots utilized on the works above men-
tioned, should be recovered from the
Sanctioned Estimate for the Amient Project, 14th June 1869¹⁸⁷⁰
and devoted to the bridge work and repair 14th March 1872¹⁸⁷³
of the river embankments, I would suggest
your applying to the Superintending Engineer
for the sum of Rupees 20,000 alluded to
in your letter under reply. —

I have seen

Madras. 1st July 1872.

To,

Lieut. Colonel R. A. Roberts R.E.
Superintending Engineer
S.E. Division.

And,

Captain C. F. Oakes R.E.
Acting Chief Engineer and
Joint Secretary to Govt. S.E.D.
Madras

Sir,

Encls 1
1 Copy of letter
No 139 dated
23rd April 1872
with its accom-
paniments.

In reference to the enclosed letter
No 129 dated 23rd April 1872, and its accom-
paniments, received from the Collector of
Tinnevely, regarding funds for the Tambr
hormey River Bonds in the Tenkaray
Talook, of the Tinnevely District, I have
the honor to state, that the ryots' contribu-
tions to the Sreevigoondam Channel
Project, were expended on the South Channel
and South Head sluice previous to the
sanction of the Estimate for the same, the
amount of this expenditure, viz Rupees 38,840

was

Enclosure No 1

Super Engineer S.E. Division
to the Chief Engineer
for Sengakam, No 1469 dated
1st July 1872
R.E.

2/435/72

P. H. 3333/72

Copy of letter with its
accompaniments.

True/

18 was, by the Controller of Public Works
accounts charged against the estimate
of made in the accounts for April 1870, by
of adding the above sum to the expenditure
up to 31st March 1869-70. This course
was no doubt correct, inasmuch as the
money was expended on items included
in the estimate, but it follows that out
of the total expenditure shown on the
Project, the sum of Rupees 38,840 has not
been provided by Government, and the
Government, I think, need reminding that
this sum still remains to be repaid
by them - otherwise they will allot only
the balance which the accounts show
of to be available.

2. I may mention that as the
Collector now proposes to spend a sum
of Rs 19,060 towards restoring the river
embankments, out of the said sum of
Rupees 38,840, and as he is very anxious
that

vide P.O. No. 207
dated 31st March 1870

that the repairs should be completed
before October next, I request that you will
be so good as to obtain the early sanction
of Government for an allotment of
Rupees 20,000, as suggested by the Collector
in his letter above quoted.

3. I think it as well to call
your attention in this connection to
P.O. in the Revenue Department, 14th
March 1872, No. 449 received with order
thereon 22nd March 1872, No. 205.

I have the honor to be,
Sir,

Your Most Obedt. Servant

Piercy N. Brito Lieut. Col. R.E.
Superintending Engineer S.E.D.

his handwriting.

Ms. A. 9. 2. 6. 1777

should be brought into
the accounts of the Public
Works Department in
No. 1926 of 14th June 1869
it was resolved that
the contributions of the
Villagers should not
be accepted in aid
of the Project Works,
but that they should
be appropriated for
the construction of a
bridge over the Anicut
and in G. O. No. 449
of 14th March 1872
Revenue Department
it was determined
that the construction
of the bridge should
be postponed, the

foundations of the
piers up to the level
of the crest of the anicut
only being laid at an
estimated cost of Rs
10,000 and that the
balance of the contribu-
tion viz. Rs 30,000
should be expended
in repairing the River
embankment from
the anicut to the Sea.

With the letter
recorded at the head
of these proceedings
the Super Engineer
forwards a corre-
spondence between
the Collector and the
Treasury Deputy
Collector from which
it

it would appear that the amount expended upon the Ancient Works from the contributions by the Villagers viz Rs 38,840, has not been recovered from the sanctioned estimate as directed in P.O. No. 1926 dated 14th June/69 and the Supt. Engineer requests that an allotment of Rs 20,000 may be made to admit of the repair of the River embankment being undertaken at once.

The Government resolve to sanction an

an appropriation of Rs 20,000 from the allotment of Rs 90,000 for the Struviguitam Ancient Project in the Budget of 1872/73 towards the repair of the river embankment in part or repayment of the contribution by the Villagers and should the Superintending Engineer require a further allotment for the ancient works during 1872/73 he will submit a supplemental estimate of his

probable requirements,
including in it the
balance of Rs 18,840
still due on account
of contributions by
the Village, when the
Govt of India will
be requested to make
a further allotment
for the work.

The Controller
will issue instruc-
tions relative to the
manner in which
the recoveries now
to be made should
be adjusted in the
accounts.
