*Proceedings of the Madras Government, Public Works Department,
7th August 1872.*

No. 100 Read the following letter from the General Superintendent of Public Works Workshops and Stores, to the Secretary to Government, Public Works Department, dated Chepauk, 23rd July 1872, No 809 —

I HAVE the honour to report, for the information of Government, the death in the General Hospital on the 2nd July 1872 of Sashachellum, a cooly employed in the Public Works Workshop, from an injury received in the thumb of his right hand.

2. Sashachellum, with four other men, was employed on the 4th June 1872 in taking off the fly-wheel from a 4-horse power steam engine when, tripping accidentally, the other men let go their hold and Sashachellum's thumb was crushed between the handspike and fly-wheel, while another was slightly injured. Sashachellum was immediately removed to the General Hospital, where his thumb was amputated, and subsequently his arm was taken off, after which operation he gradually sunk, and died on the 2nd instant.

3 The deceased has left a widow and two children, a boy about ten years old and a girl about fifteen years old, who were dependant on his earnings for support, and as the accident above recorded occurred while Sashachellum was in the performance of his duty, I beg to submit the case of his widow and children to the kind consideration of His Excellency the Governor in Council for such pecuniary grant as the Government may be pleased to bestow.

4. Sashachellum was a daily paid labourer, and earned on an average Rupees 6-8-0 a month. His service extends over a period of two years and three months.
