G.O. No. / 881	Press
141-142.	Mis.
Dated 9. 8.	1872 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
9th August 1872.*

No. 141. Read the following Endorsement of the Acting Deputy Consulting Engineer for Railways, dated Madras, 30th July 1872, No. 393.—

From the Examiner of Railway Accounts, to the Secretary to Government, Public Works Department, dated Madras, 29th July 1872, No. 358.

I HAVE the honour to request that you will be good enough to obtain the sanction of Government to an outlay of Rupees 43 for the purchase of a copying press and stand.

2. Hitherto, as the greater part of my work has been in connection with the Madras Railway, I have made their office my head-quarters and have had the use of the copying press of the Chief Auditor's Office, but, now that my establishment has been increased, it will be necessary for me to have a separate office.

3. For the purpose of my work I am convinced that a copying press is the most economical as well as convenient method of recording correspondence, by which means I save the cost of one copying clerk since a peon is quite capable of printing off the letters required to be copied

4 I understand from the Consulting Engineer that funds for the above purpose are available in the Budget allotment for his department.

From the same Officer, dated Madras, 29th July 1872, No 359.

In continuation of my letter of this date, No. 358, I have the honour to state that I have received instructions from the Accountant-General, Public Works Department, Simla, to open a new set of books from the 1st January 1872 for the record of the accounts of the Guaranteed Railways in this Presidency.

2. The books used formerly for this purpose were of the kind issued from the Stationery Department, and contain the accounts hitherto kept.

3. It will be desirable, in re-opening the new accounts, to have a new set of books. These will be six in number, as a Journal and Ledger are requisite for each of the three railways in this Presidency.

4. I find that I can provide myself with these books, English bound, neat in appearance, and strong, from the Madras Railway Stores, at a cost of Rupees 30.

5 I have, therefore, the honour to request that the sanction of Government may be obtained to my purchasing these books I understand from the Consulting Engineer that funds for the above purpose are available in the Budget allotment for his department.

SUBMITTED to Government.

2. The amount required by the Examiner of Railway Accounts can be provided from the allotment of Rupees 1,000 for official postage in the current year's Budget for State outlay on railways

Rupees 73

Cotacamund.

SIR,

In continuation of my letter of this date, No 358, I have the honor to state that I have received instructions from the Accountant General, Public Works Department, Simla, to open a new set of Books from the 1st January 1872 for the record of the accounts of the Government Railways in this Presidency.

The Books used formerly for this purpose were of the kind issued from the Stationery Department, and contain the accounts hitherto kept.

It will be desirable in reopening the new Accounts to have a new set of Books. There will be six in number, as a Journal and Ledger are requisite for each of the three Railways in this Presidency. I find that I can provide

myself with these Books, English bound,
neat in appearance, and strong from the
Madras Railway Stores at a cost of
Rs 20.—

As 30.— I have therefore the honor to request that the sanction of Government may be obtained to my purchasing these Books.— I understand from the Consulting Engineer that funds for the above purpose are available in the Budget allotment for his Department.—

I have the honor to be
Sir,

Your most obedient servant

James M. Nichols Captain,
Examiner Railway Accounts.
