G.O. No. 1894 166-167	Press Mis.
Dated 9. 8	1872 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
9th August 1872.*

No. 166. Read the following Endorsement of the Acting Chief Engineer for Irrigation, dated Ootacamund, 15th July 1872, No. 23 —

From the Agent and Manager of the Madras Irrigation and Canal Company, to the Acting Chief Engineer for Irrigation, dated Madras, 3rd June 1872, No. 138.

I HAVE the honour to inform you that during the month of April Mr. Wilks, the Conservancy Engineer in charge of the upper sections of the Canal, became so ill as, in the opinion of his medical adviser, to render it necessary for him to go to Sea, and I had no alternative but to give him two months' sick leave, from which he returned on Sunday 26th ultimo (before the expiration of the two months).

2 In the meantime, Mr. Browning, considering it dangerous at the approach of the monsoon to leave Mr. Wilks' Assistant in sole and unaided charge of the upper sections, ordered up Surveyor Johnston to assist him.

3 In consideration of the additional labour and responsibility thus devolved upon Mr. Johnston, Mr. Browning wishes me to accord to the latter some additional remuneration for the time during which he was so employed (some five or six weeks).

4. Mr. Johnston's salary is Rupees 90 and his travelling allowance Rupees 25, and Mr. Browning suggests that this remuneration shall be an addition at the rate of Rupees 90 to his salary and Rupees 50 to his allowance to be made good out of the saving effected upon the total sanction for the upper and lower sections conservancy, which amounts to Rupees 6,066, whereas the expenditure is Rupees 5,877-5-7, leaving a balance of Rupees 188-10-5.

5 It appears to me that to double the salary and nearly triple the allowances is somewhat too liberal; but, under the circumstances, I have the honour to ask your sanction to the disbursement of a sum equal to Rupees 140 *monthly*, or such lesser sum as may appear to me, upon a further report from Mr. Browning, an adequate remuneration for any extra services which may have been rendered by Mr. Johnston during Mr. Wilks' absence.

From the Acting Manager of the Madras Irrigation and Canal Company, to the Acting Chief Engineer for Irrigation, dated Madras, 11th July 1872, No. 174.

WITH reference to your letter No. 30 of the 13th ultimo, I have the honour to inform you that the Acting Chief Engineer, under rather peculiar circumstances, recommends that Rupees 20 per mensem only be paid to Mr. Johnston as extra remuneration for the period of his service in the upper section.

2. I beg you will do me the favour to sanction the disbursement at this rate

SUBMITTED to Government.

In the first of the letters above recorded the Agent requests that Mr. Johnston, a Surveyor of the Company, whose salary is Rupees 90 and allowance Rupees 25, should receive a sum not exceeding Rupees 140 monthly for certain extra services which he rendered.

How for the same during which he was 20

2000/2000

Proceedings of the Madras Government, Public Works Department,
9th August 1872.

2. In the second letter above recorded the Agent states that the Acting Chief Engineer recommends that the extra remuneration to be given to Mr. Johnston be at the rate of Rupees 20 per mensem, and not as previously applied for, and accordingly requests that this rate of remuneration be sanctioned.

3. The amount can be met from savings that may be effected from the sum of Rupees 6,066 sanctioned for Conservancy Establishments, and I beg to recommend the proposal of the Acting Chief Engineer for the sanction of Government.

(Signed) C. J. SMITH, Captain, R.E.,
For Ag. Chief Engineer for Irrigation.

No. 167. ORDER THEREON, 9th August 1872, No. 1,894.

IRRIGATION, No. 7.

THE Government sanction the disbursement to Mr. Johnston, a Surveyor of the Madras Irrigation and Canal Company, of extra remuneration, at the rate of Rupees 20 per mensem, during the period he was employed on conservancy in the upper sections of the Canal, the cost to be met from savings in the authorized scale of charges for Conservancy Establishments.

(True Extract.)

Colonel, R.E.,

Secretary to Government.

To the Acting Chief Engineer for Irrigation.

- .. Agent and Manager of the Madras Irrigation and Canal Company
- .. Examiner of the Madras Irrigation and Canal Company's Accounts.

Madras Govt. and Revenue Co.
Madras 3rd June 1872

From

The (Agent and Manager of the)

Do.

The (Acting Chief Engineer for Irrigation and Canal Company) to Govt.
Madras

I have the honor to inform you that during the month of April 1872 the Conservancy Engineer in charge of the upper sections of the Canal became sick and in the opinion of his Medical Officer it was necessary for him to go to sea, and I have no alternative but to give him two months sick leave, from which he returned on Sunday 21st June (before the expiration of the 2 months)

2. In the meantime Mr. Johnston considering it dangerous at the approach of the monsoon to leave Mr. Johnston assistant in sole and unaided charge of the upper sections, ordered Mr. Surveyor Johnston to assist him.

3. In consideration of the additional labor and responsibility thus devolved upon Mr. Johnston, Mr. Johnston wishes him to accord to the latter, some additional remuneration for the time during which he was so

unemployed - James & Co. 10000 /
 4. Mr Johnston's salary is (in pounds) and
 his travelling allowance (in pounds) and Mr
 Morrison suggests that the remuneration
 shall be an addition to the rate of (in pounds)
 to his salary and (in pounds) to his allowance
 to be made good out of the savings effected upon
 the total deduction for the upper and lower
 sections conservancy which amounts to (in pounds)
 10,000 whereas the expenditure is (in pounds)
 5,877-5-7 leaving a (in pounds) (in pounds)
 188-10-5.

5. It appears to me that to double the salary
 and nearly triple the allowance is somewhat
 too liberal but under the circumstances I have
 the honor to ask your sanction to the dis-
 bursement of a sum equal to (in pounds) 140
 monthly, or such lesser sum as may appear
 to me upon a further report from Mr
 Morrison an adequate remuneration for
 any extra services which may have been
 rendered by Mr Johnston during Mr Miller's
 absence.

Submitted to Govern-
ment.

In the 1st of the letter above re-
corded the Agent requests that Mr Johnston
a Surveyor of the Company whose salary is
Rs 90 and allowance Rs 25, should receive
a sum not exceeding Rs 140 monthly for
certain extra services which he rendered.

2. In the second letter above recorded
the Agent states that the Acting Chief
Engineer recommends that the extra remunera-
tion to be given to Mr Johnston be at the
rate of Rs 20 per mensem and not as pre-
viously applied for & accordingly requests
that this rate of remuneration be sanctioned.

3 The amount can be met from the
savings that may be effected from the
sum of Rs 6066 sanctioned for Conservancy
Establishments.
