*Proceedings of the Madras Government, Public Works Department,
15th August 1872.*

No. 268. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 24th July 1872, No. 1,534 :—

I HAVE the honour to request you will be good enough to move Government to place at my disposal the necessary funds for completing the works noted below :—

Work.	Estimate.	Date of sanction.	Expenditure up to 31st March 1872	Balance required in 1872-73.
<i>Imperial.</i>	RS.		RS.	RS.
New Post Office at Vizagapatam.	3,000	G. O No 2,520, dated 5th October 1871.	2,425	575
<i>Provincial</i>				
Erecting a bell turret at the western end of the Bimlipatam church	1,460	G. O No. 120, dated 20th July 1870.	494	966

2. I enclose, for your information, copy of a letter received from the Executive Engineer in charge of No. 2 Range, Vizagapatam, from which you will observe that the completion of these works is very necessary.

3. I applied for funds for the works in question in my statements of incomplete works, etc., but these have not been allotted by Government.

No. 269. ORDER THEREON, 15th August 1872, No. 1,948.

ACCOUNT, No. 20.

THE Governor in Council observes that when an application for funds for the completion of the Vizagapatam

Post Office was originally made, the Superintending Engineer proposed the transfer of the money from the grant for the Cocanada Post Office in the belief that the money provided for the latter work would not be needed; but as with reference to the correspondence which has since taken place no portion of that grant can be diverted, and as the reserve for Postal buildings has been exhausted, Lieutenant-Colonel Fischer is authorized to arrange for the completion of the Post Office at Vizagapatam, for which the further outlay required is only a little over Rupees 500, and will not probably require a grant under Section II., paragraph 90 of the Manual of Public Works Accounts. Should such grant be necessary hereafter it will be provided by transfer from savings.

2. The sum of Rupees 966 required for the bell turret of the Bimlipatam church is allotted from the balance of the Provincial Reserve for Civil Buildings.

(True Extract.)

Colonel, R.E.,

Secretary to Government.

To the Acting Superintending Engineer, 1st Division.

No 87 - Executive Engineer's Office
Waltair
16th July 1872 3

From
The Executive Engineer
Vizagapatam

To
The Superintending Engineer
1st Division

Sir

I have the honor to bring to your notice that on the stoppage of work at the new Post Office of Vizagapatam on 31st March last, part of the roofing (the whole of the front verandah) was in an incomplete state, and I fear that the wood work is suffering from exposure in this monsoon weather. If the balance of Estimate Rs 574-9-7 copy be allotted the building can be completed in a month or 6 weeks and handed over to the Postal Dept.

+ The balance required for this work is Rs 966-1-5

2 Some inconvenience is also occasioned to the congregation of the Church at Bimlipatam, by the long stoppage of their Bell Surret. The masonry work inside the Building remains incomplete, and the West end of it is blocked up with scaffolding & materials belonging to the work.

3 I would have reported this before, but expected that long ere this you would have been able to allot funds to all unfinished works, where the balance required was

Ag. Superintending Engineer

was comparatively small.

I have the honor to be
Sir

Your most obedt. Servant
