*Proceedings of the Madras Government, Public Works Department,
21st August 1872.*

No. 359. Read the following letter from the Officiating Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Camp at Burghoor Hills, 5th August 1872, No. 101:—

I HAVE the honour to submit, for the sanction of Government and provision of funds, if available, a plan and estimate amounting to Rupees 400, for improving the Rest-house Serjeant's quarters at

Erode, duly approved by His Excellency the Commander-in-Chief. The necessity for the better ventilation of the building was pointed out by the Brigade Major, Southern Division; though a ridge ventilator has been added, it is necessary to improve the general comfort and accommodation afforded by the additions now proposed, which allow of thorough drift passing through the building, much required in so close a climate as that of Erode; the Rest-house has, I regret to say, always been considered unhealthy, but I trust the improvement now designed will tend to make it more salubrious.

No 360. ORDER THEREON, 21st August 1872, No. 1,997.

MILITARY WORKS, No. 11.

SANCTIONED.

2. There seems no reason why the amount should not be appropriated from the allotment for Minor New Works, Military, Coimbatore District.
