*Proceedings of the Madras Government, Public Works Department,
23rd August 1872.*

No. 395. Read the following Endorsement of the Superintending Engineer, 8th Division, dated Tiroomungalum, 8th August 1872, No. 2,234 :—
From Mr. D. McNAIR, Officer in charge of Northern Range, Tinnevely, to the Superintending Engineer, 8th Division, dated Camp at Streevelliputur, 31st July 1872, No. 202.

WITH reference to G. O. No. 1,628 of 5th July 1872 approving of the arrangement you have made in placing me in charge of the Northern Range, Tinnevely, I beg to bring the following circumstances to your notice, with a request that you will be pleased to lay them before Government with your recommendation that I may be gazetted to act as Range Officer of the said range, and be permitted to draw the acting allowance from the date I took charge of it from Mr. Sage, namely, 10th June 1872, under the provisions of paragraph II. of Proceedings of Government, Public Works Department, dated 20th September 1869, communicated in G. O. No. 3,061 of same date.

2. You are aware that during the time Mr. Sage had charge of this range, I was in charge of a sub-division which comprised only two taluqs. Under the present arrangement, however, I have not only to look after the same sub-division, but have also to discharge the onerous and responsible work of the whole range, extending over four taluqs, with an area of about 4,000 square miles; and consequently the extent of ground I have to travel over is more than twice as much as hitherto; my duties and responsibilities have considerably increased, and, in order to enable me to discharge them conscientiously and efficiently, an enhanced expenditure on my part is imperative.

3. I beg, therefore, that the Government will take the foregoing facts into their favourable consideration, and be pleased to sanction the extra allowance which is given to officers of the Department Public Works placed in the same position as I am under the rules above quoted, and which, I beg to submit, I am justly entitled to, for the extra work and responsibility which now devolve on me.

FORWARDED for the favourable consideration of the Government. Mr. Sub-Engineer McNair has, during the undersigned's tenure of this office, discharged his duties honestly and faithfully, and he is fully deserving, therefore, of the consideration of Government as now solicited.

(Signed) R. A. ROBERTS, Lieut.-Colonel, R.E.,
Superintending Engineer, 8th Division.

No. 396. ORDER THEREON, 23rd August 1872, No. 2,015.

ESTABLISHMENT, No. 30.

THE Superintending Engineer of the 8th Division is reminded that, under the system in force in the Madras Presidency, Upper Subordinates are competent for charge of a range equally with officers on the Engineer Establishment, and that such charge does not entitle them to extra allowances.
