Secy. to the Govt of India.

NOTE by Lieutenant-Colonel P. P. L. O'CONNELL, R. E., Officiating Accountant-General, Public Works Department, on the proposal for dispensing with the Stock Ledger kept up in Executive Engineer's Office, No. 1,422 G, dated Simla, the 9th August 1872.

It having been suggested that the Stock Ledger kept up in the Executive Engineer's Office might conveniently be dispensed with, as the information contained in it is recorded month by month in Part III. of the Stock Abstract, and also on the reverse of the standard form of stock account current, I adopted the usual course of ascertaining from the several Controllers of Public Works Accounts their opinions as to the expediency or otherwise of abolishing the form of record in question. The replies of these officers have been duly received, and I find that the general opinion is unanimously in favour of dispensing with the Stock Ledger, which is characterized as being superfluous and of no real value whatever.

2. With the sanction of the Government of India the form (No. 31) might, therefore, be usefully abolished from the commencement of the current official year.
