*Proceedings of the Madras Government, Public Works Department,
6th September 1872.*

No. 89. Read the following letter from the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 20th August 1872, No. 369:—

I HAVE the honour to request permission to entertain Mr. J. Brown as an Overseer on the permanent strength of the establishment in Wynaad, special application being necessitated owing to Mr. Brown being beyond the age of twenty-five, and not having regularly qualified as Overseer.

2. Mr. Brown is twenty-nine years of age and has been employed since 1866 on the Petty Establishment, his duties having been similar to those of an Overseer. Although he has not passed the regular qualifying examination at Madras, he has proved his ability to estimate, level, and survey with prismatic compass and chain, and I have also satisfied myself as to his knowledge of mensuration and such other rules as would be necessary in the carrying out of his executive duties. His performance of his work has uniformly given me perfect satisfaction; he is active, steady, attentive to his duties, and thoroughly trustworthy; his general health is also good.

3. Early orders are respectfully solicited, as on Mr. Potter's departure from South-East Wynaad, I shall be obliged to entrust the charge of that part of the range temporarily to an Overseer belonging to North Wynaad, whose experience is too short to make it desirable that he should yet be employed so far from the direct supervision of a Range Officer.

No. 90. ORDER THEREON, 6th September 1872, No. 2,125.

ESTABLISHMENT, No. 5.

Mr. J. Brown will be brought upon the permanent establishment of the Public Works Department for employment in Wynaad from the date on which the new arrangement of ranges in that district comes into operation.
