*Proceedings of the Madras Government, Public Works Department,
13th September 1872.*

No. 203. Read the following letter from the Officiating Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 26th August 1872, No. 1,150 :—

I HAVE the honour to inform you that the sum of Rupees 1,213, sanctioned in G. O. No. 394 of 9th February 1872, for repairing the Cuddapah Jail drain was not paid during the past official year, owing to the sanction not having been, by an oversight, communicated to Cuddapah Range in time. This omission could not have occurred had the work appeared, as it should, in the statement of savings and demands submitted from the Range Office.

2. I therefore request that Rupees 1,200 may be sanctioned to adjust the payment for the work in question during the current official year. If funds are not available from "Reserve," the amount can be met by transfer from the provision of Rupees 15,000 for the Taluq Cutcherry at Jummudgoo, Item No. 8, in the current year's Provincial Budget.

No. 204. ORDER THEREON, 13th September 1872, No. 2,183.

ACCOUNT, No. 20.

THE Superintending Engineer of the 3rd Division will report the name of the Range Officer answerable for the omission to pay the sum of Rupees 1,213 alluded to in the foregoing letter, and account for that Officer not having been supplied with a copy of G. O. No. 394 of 9th February 1872.

2. His Excellency the Governor in Council directs the immediate adjustment of the claim by the transfer proposed; and Major Vertue will report how it was that a work reported as completed in December last could have remained unpaid for up to the present time, as any such method of carrying on the work of a range must be very faulty and require looking into by the Superintending Engineer.
