*Proceedings of the Madras Government, Public Works Department,
16th September 1872.*

No. 223. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 26th August 1872, No. 1,148:—

WITH reference to paragraph 4 of G. O., No. 3,150, dated 14th December last, I have the honour to inform you that Mr. Assistant Engineer Hunter in charge of Cuddapah Range reports that he has compromised the case with the contractor of the Pulivendla Taluq Cutcherry by making, in March last, a payment to him of Rupees 2,020 on account of cost of materials supplied for the construction of the building in question.

2. In making this compromise, Mr. Hunter effected a saving of Rupees 121 on the amount which the Civil Judge of Cuddapah was of opinion should be paid to the contractor.

3. The Court costs in the case amounts to Rupees 325, which sum the contractor laid out, and as the case was being compromised he laid claim for the payment of the above costs, but subsequently agreed to take Rupees 200 on this account.

4. Colonel Moberly refused his sanction to the payment of these costs on the ground that the Order of Government in question "referred only to *bona fide* claims specially noted by the Civil Judge in his diary on the case." The man now threatens to file a suit if he is not paid the Rupees 200.

5. I, therefore, request the sanction of Government to pay this amount, and charge the same to "Contingencies," as the claim seems very fair and equitable, seeing that the man has been driven to take his case into Court and only seeks to recover a portion of the costs.

No. 224. ORDER THEREON, 16th September 1872, No. 2,193.

ACCOUNT, No. 26.

His Excellency the Governor in Council sanctions the payment of Rupees 200 to the Contractor of the Pulivendla Taluq Cutcherry, being a portion of the costs incurred by him in connection with the suit which the Government authorized to be compromised in G. O., No. 3,150, dated 14th December 1871.

2. The charge will be adjusted against "Contingencies."
