2. In the last of the marginally noted
correspondence, His Excellency the Command-
in-Chief's approval of the site selected was
communicated, but as His Excellency's approval
is also required to the plan and Estimate, I
request you will forward the papers direct
and thereby save much delay, which my
being on tour would cause, if the papers are
returned home.

3. The Estimate may also be communicated

forwarded direct by His Excellency the
Commander-in-Chief to the Secretary to
Government in the P.W. D for sanction
with a copy of this communication and
write an intimation that funds are not
available under Minor Works, Military
to carry out the work during the current
fiscal year, unless an assignment is
specially made for the purpose.

4. Considering that the annual grant
under Minor Works, Military is
Rs 5000 for three divisions, it will be a
matter for the consideration of Government
whether in the event of the necessary
special funds not being forthcoming
in 1872-73, so much as Rs 2300/-
can be laid out on one work when there may
be demands for works of greater importance
in the Cantonments of Belgaum during 1873-74.

Yours faithfully
