Proceedings of the Madras Government, Public Works Department, 18th September 1872.

No. 259. Read the following letter from the Officiating Deputy-Secretary to the Government of India, Public Works Department, (Account—General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 13th August 1872, No. 722-A. G. :—

I AM directed to acknowledge receipt of your application No. 1,606, dated 4th July 1872, and, in reply, to convey sanction to the re-appropriation of Budget Credits therein detailed. But with reference to the works entered under the head "Agricultural," I am to ask that it may be specified in each case whether the outlay is to be charged to the head "Capital" or "Revenue." This information is specially required in the case of the item of Rupees 10,000 for river-embankment on the west bank of the Godavery which would appear to be chargeable to revenue, as the money is to be expended on an existing river-embankment which should have been kept in repair from Revenue Funds, and must, if such be seen necessary owing to its repair having been neglected, be restored from revenue. The fact that the work is also to be used as a road affects the question to this extent that as the repairs are, in future, to be executed from Local Funds, the proposed additions to the strength of the embankment may fairly be charged to the ordinary revenue which is to be relieved of the charge of future repairs.

2. I am to add that similar information should invariably be given in all future applications for a re-appropriation of the grant for agricultural works.

ACCOUNT, No. 32.

SIR,—With reference to letter No. 722-A.G., dated 13th August, from the Deputy-Secretary to the Government of India, I am directed to inform you that Items 5 to 9 should be charged to Capital.

2. With regard to No. 4, which provides for improving the west bank of the Godavery between Vijesweram and Polaveram, with a view of carrying a road along it, I am to inform you that a grant of Rupees 50,000 was made by this Government from the allotment under Agricultural in aid of the Local Funds from which Rupees 30,000 will be provided for the road, as those sums represent the relative Imperial and Local interests in the work which, on completion, will be maintained from Local Funds.

3. I am to point out that the conditions under which an allotment has been made from the Agricultural Grant for this work are precisely similar to those under which an allotment was made for the road from Rajahmundry to Rahitapuram relative to which the Government of India were addressed in letter No. 1,832, dated 3rd August, and to request that the Rupees 10,000 required for the west embankment of the Godavery may be transferred from the head "Agricultural" to that of "Communications."

I have the honour to be,
Sir,
Your most obedient servant,

Major, R.E.,
Acting Joint Secretary to Government.
