MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No.	2308	Press Mis.
12, 13,		
Dated	1-10-	18 12.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
1st, October 1872.*

No. 12. Read the following letter from the Officiating Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Camp at Buchereddipalem, 9th September 1872, No. 83 :—

I HAVE the honour to bring to your notice that the late Colonel Anderson, in

1 Copy of Abstract Estimate

* Embodied in G. O., No 747, of 17th March 1865.

preparing the estimate* for improving the channels in the Masulipatam section of the Kistna Delta, deducted the unexpended balance (Rupees 4,890) of the

estimate sanctioned in G. O., No. 2,287, of 10th December 1856, from the amount required to complete the sloping of the banks of the Masulipatam canal from the 1st to the 4th mile, with the intention of charging the work to be done to both estimates as annexed—

To original Estimate	Rs 4,890
To new do	5,210

As this arrangement appears to have been overlooked by the former Range Officers, and as the whole expenditure has been charged to the new estimate, it will be exceeded if the balance (Rupees 4,890) is not added to the amount sanctioned in G. O., No. 747, of 17th March 1865, and this, I trust, Government will be pleased to do to enable me to correct the oversight alluded to.

2. A copy of the abstract estimate submitted by the late Colonel Anderson is appended for the information of Government.

No 13 ORDER THEREON, 1st October 1872, No. 2,308.

IRRIGATION, No. 1.

In G. O., No. 2,287, dated 10th December 1856, the Government sanctioned an estimate of Rupees 20,240 for

sloping the first four miles of the banks of the main duct from the Kistna Anicut on the northern or Masulipatam side of the river, and in the Order of the 17th March 1865, No. 747, they authorized an additional sum of Rupees 5,210 for completing the work.

2. In the letter above recorded the Acting Superintending Engineer of the 2nd Division reports that by an oversight Rupees 15,350 only were charged to the original estimate, and explains that it will be necessary to add the unexpended balance (Rupees 4,890) to the smaller estimate of Rupees 5,210 in order to prevent an excess. The proposal is sanctioned accordingly.

3. It is observed that the last mentioned estimate is now incorporated in the general project for the enlargement, extension, and improvement of the channels in the Masulipatam section of the Kistna Delta which appears as Item 23 in the current year's Budget.

(True Extract.)

Major, R.E.,

Acting Joint Secretary to Government.

To the Superintending Engineer, 2nd Division.

Sir,

Enclosed

1 copy of above
Estimate -

* Embodied
in G.O. No 747
of 17 March
1865

I have the honor to bring
to your notice that the late
Col. Anderson, in preparing
the Estimate for improving the
Channels, in the Masulipatam
Section, of the Krishna Delta,
deducted the unexpended balance
(Rs 4890) of the Estimate sanctioned
in G.O. No 2257 of 15 December 1856,
from the amount required to
complete the sloping of the
banks, of the Masulipatam
Canal, from the 1st to the 4th
mile with the intention of
charging the work, to be done,
to both Estimates as annexed.

To Original Estimate - 4890
To New do - 5210

As this arrangement appears
to have been overlooked by the
former Range Officers, and as the
whole

Expenditure has been charged to the new estimate, it will be excused, if the balance (Rs 4890) is not added to the amount sanctioned, in L.O. No 747 of 17 March 1865, and this His Government will be pleased to do, to enable me to correct the oversight alluded to.

A Copy of the Abstract estimate submitted, by the late Colonel Anderson, is appended, for the information of Government.

I have the honour to be
