No 423.

Superintending Engineer's Office
No. 15, 15th September 1872

From

Major J. C. Hastie R.E.
Offg. Superintending Engineer.
6th Division.

To

Colonel G. W. Walker R.E.
Secretary to Government
P.W. Department

Sir

I have the honor to report
that in accordance with instructions
conveyed in G.O. No 1586 dated 1st July 1872
I have, after communicating with
the Controller P.W. Accounts, made
the necessary alterations in the Ranges
of this Division from the 1st instant
and have distributed the Office
Establishments according to the Dis-
tribution List prepared by the Con-
troller.

2. In carrying out these arrange-
ments, I am able to employ all the
Clerks at present in the Range Office,
with the exception of 5 although to avoid
throwing out men of some standing,

I have been compelled to place 4 accountants & assistant accountants in the position of draughtsmen, until further vacancies occur. In the establishment of the proposed District Engineers Office at Trichinopoly I hope to be able to provide for some of these men.

3. I am informed by the Controller that it is contemplated to allow Upper Subordinates who might by the amalgamation of the Ranges, be placed in charge of a Sub Division of a Range, an establishment of 1 writer on 25 Rupees a month and 2 Cascars on 7 Rupees a month. I have therefore appointed 3 of the men now thrown out of employment, as writers under the 3 Upper Subordinates who are in charge of Sub Divisions of Ranges, and I have the honor to request the sanction of Government to this arrangement. Another of these men, a writer on 45 Rupees I have retained for the present in No 2 Range Office Trichinopoly to assist in preparing the monthly accounts and the other man Joseph Peters, at present Head Accountant of No 1 Range Trichinopoly, who is now sick leave

and whom I expect to submit a Certificate of incompetency for further service immediately, is not provided with any post. As in my opinion, he is not fit for further employment I would recommend that his half pay 30 Rupees a month should be specially passed to him for the short period that may elapse before I am able to send in his papers for retirement.

4. As in carrying out the change throughout the Division this month, all the Office Establishments will be very hard worked, and many of them will be put to the expense of moving. I have suggested to the Controller that it would be a fair arrangement to pass the new rates of pay to all Establishments from the 1st of this month, instead of from the dates on which the men may respectively join their appointments.

I have the honor to be
Sir,

Your most obedient servant

J. H. ~~est~~ Major G. R.

Offg. Supy Engineer to Govt.
