Enclosures./

Sir,

In forwarding effect to the Orders of Government regarding the re-arrangement of Charges, I find that the arrangements regarding the Office Establishments could not be carried out simultaneously.

2. From the enclosed correspondence (Copies) you will see how the case stands — and as the Controller of P.W. Accounts seems to require the special sanction of Government, I request that the same may be communicated at an early date, as the bills for September will be soon due in this Office.

I have however pushed the Controller to pass the Charges which he considers unauthorized, conditionally, instead of making retrenchments, which would cause much inconvenience. I trouble

in preparing Supplemental bills.

3. The authority given in Gr. O. 378 of 31st March 1868, I consider sufficient for the Controller of P.W. Accounts to pass charges which will be incurred on account similar instances without requiring any particulars from the Office

I have the honor to be
Sir
Your most Obedt. Servant

James Walker Maj. R.E.
Offg. Secretary Inspectors Genl. Dept.

by yr. Letter No. 596 dated 3rd September 1872
to the Officer in charge (address) Range,
the Superintending Engineer 3rd Division.

With reference to Circular No. 1007
dated 5th August 1872, para 3, I have the
honor to inform you that the Establish-
ment of the Gullumpatta Range, can be
dispensed with until after finishing the
Accounts which are to be sent to Hatia
your Office and to the Controller for August
and also till all the preceding are forth-
coming over. I therefore request that their
services may be continued until after
they finish these duties.

No. 1358 of 13th Sept. 72
By an Endorsement on above letter from the
Superintending Engineer 3rd Div. to the Controller of
Accounts:—

Copy forwarded to the Controller of
P.W. Accounts for information. The
retention of the Range Establishment
is absolutely necessary until the whole
of the work connected with the preparation
and despatch of the monthly Accounts
and the sorting and distribution of records
between Gullumpatta and Burisaul
Ranges is completed. Request to inform

how much Establishments will be paid.

Copy of a Docket No. 573 dated 17th September 1872 from the Controller of P.W. Accounts to the Superintending Engineer 3rd Division:—

Your Docket No. 1358 dated 13th Septr. 72.

Requests that a statement of the details of the Range Establishment proposed to be retained for certain purposes connected with the Cuddapah and Bednall Ranges may be furnished to this Office with information as to the period for which their services will be required.

2. As the charge on account of the salaries of the subordinates concerned will be extra, requests that the sanction of Government may be obtained for this Office passing the amount.
