Proceedings of the Madras Government, Public Works Department, 9th October 1872.

No. 114. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 21st September 1872, No. 1,449:—

With reference to G. O. No. 2,183 of 13th instant, I have the honour to state that a copy of every G. O. referring to allotments is given to the Accountant of this office, and it is his duty to see that the necessary communication is made to ranges.

2. In the case in point, G. O. No. 394 of 9th February 1872 was overlooked by the Accountant, and was not communicated to the Range Officer till June. The Accountant has a great deal of work to get through and no one can be spared to help him. He is a very hard-working man and seldom makes a mistake; he has been reprimanded.

3. In one respect only is the Cuddapah Range in fault, in that the work in question was omitted from the statement of savings and demands, which was submitted on 3rd February; but I cannot attach much blame for this to the Range Officer, who, it should be remembered, had charge of two ranges, and had, moreover, to inquire into certain fraudulent transactions which occupied much of his time.

4. In accordance with the instructions conveyed in paragraph 2, Mr. Hunter has been directed to at once settle the contractor's bill.

No. 115. Order thereon, 9th October 1872, No. 2,360.

CIVIL WORKS, No. 5.

Ordered to be recorded.

2. The Governor in Council relies on the Superintending Engineer to watch with unremitting attention over the working of all the Public Works Offices in the 3rd Division, and to use the powers entrusted to him for checking and punishing all irregularities in future.

Enclosures.

Sir,

With reference to G.O. No. 2183 of 13th Instant, I have the honor to state that a Copy of every G.O. referring to allotments is given to the Accountant of this Office and it is his duty to see that the necessary Communication is made to Range.

2. In the Case in point, G.O. No. 394 of 9th February 1872 was overlooked by the Accountant, and was not communicate to the Range Officer till June. The Accountant has a great deal of work to get through, and no one can be spared to help him;

he is a very hard working and seldom makes a mistake. He has been reprimanded.

3. In one respect only, is the Cuddapah Range in fault — viz that the work in question was omitted from the Statement of Savings and Demands, which was submitted on 3d February, last January attaches much blame for this to the Range Officer, who, it should be remembered, had charge of 2 Ranges, and had, moreover, to enquire into certain fraudulent transactions, which occupied much of his time.

4. In accordance with the instructions conveyed in para 2, Mr Hunter has been directed to advance with the Contracts Bill.
