Proceedings of the Madras Government, Public Works Department, 10th October 1872.

No. 168. Read the following letter from the Officiating Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 9th September 1872, No. 438:—

I HAVE the honour to forward herewith a letter from Captain Edgcome, R.E., complaining of his having been superseded by certain officers during his absence on sick leave, which, I think, deserves consideration.

From Captain A. EDGCOME, R.E., Executive Engineer, to the Chief Engineer, Department Public Works, dated Cottraputty, 8th September 1872, No. 562.

As certain changes in the Public Works Department are under contemplation, I have the honour to bring to your notice, that in consequence of my having gone home on sick leave in 1870 my name now appears four places lower down the departmental list than it did when I went home, Messrs. Walch, Norfor, O'Ratigan, and Paynter, having been promoted during my absence.

2. I therefore hope that when the coming changes are under consideration, my name may be taken to stand in the departmental list above the four gentlemen that I have first named.

No. 169. ORDER THEREON, 10th October 1872, No. 2,384.

ESTABLISHMENT, No. 17.

THE rule which directs that "Executive Engineers or Assistant Engineers of the Public Works Department shall be borne as supernumerary on the departmental list when they go on leave of absence for a period of not less than twelve months *retaining their places in the department,*" having, by some misconception, been misinterpreted in Captain Edgcome's case, His Excellency the Governor in Council is pleased to order that that Officer shall rank as a supernumerary Executive Engineer of the 3rd grade from the 4th October 1870, next above Mr. G. T. Walch on the departmental list, and be entitled to the salary of that grade from the date of his return to duty.
