G.O. No.	Press Mis.
Dated	19

Not to be folded or roughly handled

No. 170. Read the following letter from the Superintending Engineer, 8th Division, to the Secretary to Government, Public Works Department, dated Courtallum, 12th September 1872, No. 2,675 :—

In reference to G. O., 12th March 1872, No. 683, directing me, in reply to my request for additional funds for expenditure during the current year on the Streevigoontum Anicut Project, to push on the work rapidly "without being apprehensive of lack of funds," I have the honour now to report that the amount expended on the project in question this year, up to the end of August, is Rupees 69,484, and that the grant of Rupees 91,000 will be exhausted early in next month.

2. Under these circumstances, and for the reasons explained in my letter heading the G. O. above quoted, I have the honour to solicit that a further allotment of Rupees 60,000 may be made for this project, in order to preclude the chance of there being any stoppage of works in October for want of funds.

3. I shall esteem it a great favour if you will be so kind as to telegraph to me at Palamcottah the fact of additional funds being allotted.

No. 171. Order thereon, 10th October 1872, No. 2,385.

IRRIGATION, No. 6.

The expenditure on the Streevigoontum Anicut Project, up to the 31st March 1872, was Rupees 6,58,482. The allotment for 1872-73 is Rupees 91,000, leaving a balance of Rupees 82,118 to complete the original estimate of Rupees 8,31,600, His Excellency the Governor in Council resolves, therefore, to sanction the expenditure of Rupees 60,000 on the project in 1872-73, in excess of the allotment of Rupees 91,000 already made as desired by the Superintending Engineer.

2. An application will be made to the Supreme Government for a transfer of funds from the following works, sanction for which has not yet been received, namely :—

		Rs.
Item No. 20	Rooshkoolia Project	25,000
,, ,, 33	Cauvery and Vennaur Head Works	15,000
,, ,, 34	Perryaur Project	20,000
	Total...	60,000

3. The Superintending Engineer will meanwhile hasten the submission of the revised project called for in G. O., No. 1,896, dated 10th August.

(True Extract.)
