| General Post office at Madras | 1,92872 . . | An Estimate for Rs 194055 was approved of in Director General's letter No. 2189 dated 19 September 68. But owing to a change in Site and Plan a revised Estimate of the amount has always been prepared and is under consideration prior to being sent to Director General for approval. |

## IV Minor Works.
### not yet approved by Director General

| Designation or description of building and name of place. | Amount of Estimate Rs as P. | Remarks affording explanation quoting any previous Correspondence on the subject with Director General and stating the basis on which the estimate is founded. Under this head will come the lump sum in "Unforeseen requirements" and a General explanation of the Estimate of such requirements should be entered in this column opposite the item. |
|---|---|---|
| Post office at Kistna | 1151 . . | Estimate by G.I.P. Railway Co. under consideration prior to submission for Director Sanction. |
| Unforeseen Requirements | 9000 . . | It appears that a sum like this is necessary for "unforeseen requirements" here as the Post offices are still being opened. Some extensions of the Railway it is believed will take place during the year. These and other circumstances may render the construction of small Post offices at particular places necessary at any time during the year. This amount is also not large considering that funds for works of additions and repairs which may suddenly arise may also have to be allotted from it. |

Submitted to the Director General of the Post offices of India with reference to his Circulars No. 67 and 22 of the 16 August 1869 and 17 June 1872 respectively
