No. 259. Read the following Endorsement of the Controller of Public Works Accounts, dated Fort St. George, 4th October 1872, No. 1,506:—

From the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department (through the Controller of Public Works Accounts), dated Coimbatore, 28th September 1872, No. 154.

With reference to G. O. No. 1,965 of 17th August 1872, I have the honour to report that the carts and bullocks alluded to in item No. 17 have been sold, and the amount realized is less by Rupees 67-1-7 than the value they represent in the Range Officer's accounts. I request, therefore, that Government will be pleased to authorize this amount being written off the accounts of the Mangalore Range Officer to "Profit and Loss."

---

Submitted for the orders of Government.

2. Paragraph 13-E, Section ii, Chapter XVII. of the Public Works Code of the Government of India, and Standing Order No. ii of 1867 of that Government provide that charges to the head "Profit and Loss" should be restricted to "losses in the balances of cash and stock, caused by robbery, fire, storm, flood or any other extraordinary occurrence." Such an item of loss as that now reported is not, therefore, properly chargeable to "Profit and Loss," and I would accordingly suggest that the difference between the book value of the bullocks and carts and the amount realized by the sale, namely, Rupees 67-1-7, be debited to the works on which they were chiefly employed, in such proportions as may be determined by the Superintending Engineer.

No. 260. Order thereon, 15th October 1872, No. 2,426.

ACCOUNT, No. 24.

The Government sanction the loss now reported being adjusted in the manner recommended by the Controller of Public Works Accounts.
