G.O. No. 2467 Press ~~Mis.~~
341-342

Dated 19-10- 1872.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
19th October 1872.

No. 341. Read the following letter from the Officiating Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 1st October 1872, No. 516 :—

With reference to G. O., No. 1,618, dated 4th July 1872, sanctioning the employment of an Assistant Engineer and a Surveyor for the purpose of surveying and taking levels on the Coleroon, I have the honour to inform you that the only Assistant Engineer in this division who is not in charge of a range is Lieutenant Greenaway, who has just joined and who has hardly had sufficient practice in surveying and levelling for the charge of such an important undertaking, and to request that the services of an Assistant Engineer of some experience may be placed at my disposal as early as possible, as it is essential that the work should be commenced immediately the freshes subside.

No. 342. Order thereon, 19th October 1872, No. 2,467.

ESTABLISHMENT, No. 29.

The resources of the Public Works Department do not admit of the supply of another Assistant Engineer to the staff of the 6th Division, which, judging from the list printed with G. O., No. 2,342, of 7th October, is fully officered. His Excellency the Governor in Council is of opinion that the services of Lieutenant Greenaway can very well be utilized on the survey and levels of the Coleroon under Captain Montgomerrie in the first instance, and subsequently under the immediate orders of the District Engineer. The lines along which cross sections are required being determined by them, Lieutenant Greenaway should be competent to take the actual levels ; and the practice will be good training for him.

Sir

I am directed by the Secretary of State for India in Council to request that you will move the Government of Madras to take into consideration the question of the supply of an additional Assistant Engineer to the Staff of the 6th Division, Public Works Department.

2. The Secretary of State in Council is of opinion that the Reports that the Division is in charge of, are sufficient to warrant the appointment of an additional Assistant Engineer, and he requests that you will move the Government of Madras to take the matter into consideration with a view to the early appointment of an Assistant Engineer to the 6th Division.

I have &c
