Proceedings of the Madras Government, Public Works Department, 22nd October 1872.

No. 405. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 4th October 1872, No. 2,874 :—

REFERRING to your Memorandum No. 50 of 6th February 1872, which I find unanswered on my record, I have the honour to report that it appears that the

1 Petition.

Monegar of Magamput, Parthasardy Iyengar's tender was accepted by Colonel Wilkieson through the Range Officer at the time the man was himself addressing Government in the enclosed petition.

No. 406. ORDER THEREON, 22nd October 1872, No. 2,494.

IRRIGATION, No. 27.

His Excellency the Governor in Council observes that an effort appears to have been successfully made to introduce in North Arcot the system of entrusting the repairs of Irrigation Works to the heads of villages and others personally interested in the thoroughness of the work. As the success or otherwise of this system is of general interest, His Excellency desires that the Superintending Engineer of the 4th Division will report whether work so done has been of sufficiently good quality and effected such a saving in supervision as to recommend the system for more general adoption.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.

Exd. T. O'Connor.

12th January 1872

To

The Chief Engineer

The humble petition of
Krishnama Chariar and Parthasarady
Iyengar late Manigar and present
Manigar and Munsiff respecting
the village of Majanipak in
the Wallaja Taluq North Arcot
District.

With reference to the
notice published at page No. 538
in North Arcot District Gazette
dated 16th December 1871, inviting
tenders for the closing of breaches
and improving the Maganipak
High Condum in the Surplus
Channel of Caverepauk Tank
I presented a petition to the
Walajah Range Officer offering
any rate which your petitions
believe is now before Superto

Engineer. Your Petitioners being interested in the work as the villagers benefitted by it, requested that the construction of the work may be entrusted to them with reference to the repeated orders of the Board of Revenue of Government.

The former has done several times such and other Irrigation especially for this Centum in 1860 and which may be ascertained on a reference to the record of the Range Officer.

Your petitioners are related to each other the latter being the son of the former.

Your petitioners, as in duty, bound shall ever pray for orders to the work

to the Range Officer, through the Superte Engineer, as we have given a lower rate and as we have constructed once in th
