Proceedings of the Madras Government, Public Works Department, 25th October 1872.

Read the following letters:—

No. 463. From the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Camp at Ahtoor, 4th October 1872, No. 139.

I HAVE the honour to report that the grant for Repairs, Military, at Bangalore has been nearly exhausted; and I request Government will be pleased to allot a further sum of Rupees 10,000. Besides the cost of repairs to buildings and roads, the house-rent of Military and Medical Subordinates has to be defrayed from this source.

No. 464. From the Officiating Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 9th September 1872, No. 437.

WITH reference to Government Order, No. 2,037, dated the 27th August, I have the honour to request that the Government will be pleased to allot the funds required for the works marginally noted from the balance of the sum of Rupees 6,000 held at the disposal of Government in the above Government Order. A large saving in actual money payments on account of compensation for house-rent will be effected by converting the buildings above referred to into suitable quarters to accommodate the Military and Medical Subordinates, whilst the fact of public quarters being available for this class of officers will materially lower the high rates of house-rent now asked for by landlords at Trichinopoly.

Converting the old Cavalry Saddle-rooms at Trichinopoly into quarters for four Departmental Staff Serjeants. Estimate Rupees 3,180.	Estimate sanctioned in G. O., No. 12, dated 1st Aug. 1872.
Converting the building known as Native Garrison Hospital and Surgery at Trichinopoly into quarters for the Apothecary. Estimate Rupees 790.	Estimate submitted with letter No. 357, dated 20th Aug. 1872.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

ACCOUNT, No. 32.

SIR,—I am directed by His Excellency the Governor in Council to represent the urgent necessity for supplementing the Military grant of the Madras Presidency for the current official year.

2. The allotments for repairs of Military buildings in the Cantonments of Bangalore and Bellary are reported to be between 17,000 and 18,000 Rupees below the urgent requirements of those important stations; at which the number of buildings and rates of labour and materials have increased of late years in a ratio quite disproportionate to the amount of funds which it has been possible to set aside for efficient maintenance of the works.

3. Estimates for Minor New Works under Rupees 2,500 each are constantly being submitted and sanctioned, and have now accumulated to an amount of between 60,000 and 70,000 Rupees over the sum placed at the disposal of this Government. These Minor Works are for the most part urgently required for the comfort of the troops; and such of them as provide quarters for Non-commissioned Officers on account of whom rent and compensation are now paid will be indirectly remunerative.

4. A few works above Rupees 2,500 each in amount may also with advantage be put in hand at once; and I am accordingly directed to solicit that funds to the undermentioned extent may be provided, and intimation of the grant sent by telegraph at early date to admit of its being fully availed of:—
