Proceedings of the Madras Government, Public Works Department, 1st November 1872.

No. 10. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 18th October 1872, No. 1,643 :—

In forwarding herewith the enclosed letter, dated 11th instant, No. 14, from Corporal J. W. Perris, Taluq Overseer of the 3rd grade, Cuddapah District, resigning his appointment in the Department, I have the honour to request that the necessary orders may be passed for the remand of the Corporal to the Military Department at an early date.

2. Corporal Perris was employed as an extra Overseer in the Cuddapah District, and having submitted a medical certificate for one month's leave, he has left Cuddapah on the advice of the Zillah Surgeon.

3. Serjeant Richmond, whose remand to Military duty was recommended by Major Vertue in his letter of the 13th ultimo, No. 1,357, has also gone on sick leave from the 10th instant for ten days, preparatory to its extension I trust that early orders may be issued about this Overseer, as I find the reports against him are still very unfavorable. He is not working for any good under Assistant Engineer Hunter, and there is no Military Officer in the division under whom he could be placed excepting Captain Taylor, who requires, from the importance of his range, thoroughly efficient subordinates.

4. Mr. Hunter in the Cuddapah Range is now deprived of the services of two Overseers.

No. 11. Order thereon, 1st November 1872, No. 2,568.

ESTABLISHMENT, No. 1.

The services of Corporal Perris are replaced at the disposal of the Military Department.

No 14. Dated 11th October 1872. Madras. 3J

To the Superintending Engineer, 3rd Division.

Sir,

I beg to be allowed to resign my appointment in the Public Works Department, in consequence of a long continuance of ill health.

Perhaps, I may as well add, in order to prevent any unnecessary inquiries or delay: It is with a view of being invalided to England that I wish to resign, as the Surgeon in charge of the Military Hospital at Madras is well acquainted with my case, I having been under his treatment for a considerable time, previous to joining the Department, when he pronounced my case as requiring a change of air if not a change of climate. I have since discovered that a change of air, merely, produces no benefit.

I am, Sir, your obedient servant.
