Dated	5 . 11	1872.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 5th November 1872.

No. 78. Read the following letter from the Officiating Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bezwara, 11th October 1872, No. 106 :—

I HAVE the honour to submit, for your consideration, copy of a letter from the Superintendent of Telegraphs, Madras Division, regarding the construction of a new telegraph office at Masulipatam. As the Budget for this division was despatched some time ago, I trust you will be good enough to arrange for funds being provided for this building if you consider it necessary.

1 Copy of letter.
1 Copy of plan.

On 24th September 1872.

From the Superintendent of Telegraphs, Madras Division, to the Superintending Engineer, 2nd Division, dated Madras, 3rd October 1872, No. 1,635.

I HAVE the honour to inform you that the building of a new telegraph office at Masulipatam has been decided upon. The signalling establishment required at that station will probably never be more than one telegraph master and one signaller, and the new office building will consequently be small. I annex a rough sketch showing the number of rooms required and their relative positions. I have marked the dimensions of the rooms, but these may require some alterations. The receiving room will be formed by railing off a part of the signal room. It is expected that a house to afford the required accommodation can be built for Rupees 3,000.

2. I shall feel much obliged if you will kindly furnish me with a plan and estimate for the proposed building at your earliest convenience.

No. 79. ORDER THEREON, 5th November 1872, No. 2,605.

TELEGRAPH, No. 2.

THE Superintending Engineer of the 2nd Division will expedite the submission of the requisite plan and estimate for the proposed telegraph office at Masulipatam. Meanwhile, the work will be provisionally included in the Imperial Budget for 1873-74.

(True Extract.)

Major, R. E.,
Acting Joint Secretary to Government.

To the Superintending Engineer, 2nd Division.

Exd. E. C. Shunker.

No 1695.

From The Superintendent
Madras Division

To The Superintending Engineer
2nd Division

Dated Madras the 3rd of October 1872.

Sir

I have the honor to inform you that the building of a new Telegraph Office at Nuxulipatam has been decided upon. The Signalling Establishment required at that Station will probably never be more than one Telegraph Master and one Signaller, and the new Office building will consequently be small. I annex a rough sketch showing the number of Rooms required and their relative position. I have marked the dimensions of the Rooms, but these may require some alterations. The receiving Room will be formed by railing off a part of the signal Room. It is expected that a house to afford the required accommodation can be built for Rupees 3000/-.

2. I shall feel much obliged

if you will kindly furnish me
with a plan and estimate for
the proposed building at your
earliest convenience.-

Thanking you

I am Sir
Your obedient servant
[illegible]
