176-78

Dated 12 · 11 · 1872

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 12th November 1872.

Read the following letters:—

No. 176. From the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated 12th October 1872, No. 2,960.

I HAVE the honour to submit, for the sanction of Government, an estimate, amounting to Rupees 280, for putting up lightning conductors to the chimney of the boiler-room in the General Hospital.

2. The estimate has received the approval of the Inspector-General of the Indian Medical Department.

3. There is no balance under Minor New Works Provincial available for this work in the Presidency District.

No. 177. From the same Officer, dated Madras, 24th October 1872, No. 3,175.

IN reply to your No. 160 of the 18th instant, I have the honour to observe that the conductor is for the chimney of the boiler of the punkah engine; the arrangements for removing the machine, etc., are not matured, and meanwhile I thought it best to leave the chimney standing. The conductor will be useful in the new position of the chimney, and there is only the cost of putting it up and taking it down.

No. 178. ORDER THEREON, 12th November 1872, No. 2,658.

MILITARY WORKS, No. 5.

THERE being no available funds, and all necessity for the work being likely soon to be obviated by removal of the boiler to other premises, His Excellency the Governor in Council considers that it may be dispensed with.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, 4th Division, with Estimate.
