215-216 Mis.

Dated 13-11- 1942.

**Not to be folded or roughly handled**

*Proceedings of the Madras Government, Public Works Department, 13th November 1872.*

No. 215. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Cuddalore, 1st November 1872, No. 174 :—

I HAVE the honour to bring to the notice of Government that of the two estimates for the Salem Cemetery, sanctioned in G. O. of the 29th of February 1872, the larger one of Rupees 3,420 was for the construction of a brick-in-chunam wall with granite copings to the pilasters, and an iron gate in place of the existing wall, that the cemetery might be in keeping with the new church being erected close by. The other estimate of Rupees 1,360 was for constructing an ordinary brick-in-mud wall to take in some additional ground. It was to be adopted in case the larger estimate was not approved. No explanation of the object of the two estimates was given in the letter of the Acting Superintending Engineer, and they have both been sanctioned by Government.

2 Specifications.

2. The work is entered in my Salem Budget for next year under Provincial. The plan and estimate are before Government and the specifications are now re-forwarded for comparison, and I request I may be informed which of the two estimates is approved. I also request that the plans may be returned in order that copies may be taken for use in my office.

---

No. 216. ORDER THEREON, 13th November 1872, No. 2,675.

CIVIL WORKS, No. 9.

THE specifications, plans, and estimates for constructing a wall around the grave-yard at Salem will be returned to the Superintending Engineer of the 5th Division who will revise the estimate in accordance with the instructions contained in Rule III. relating to burial-grounds, printed with G. O. No. 3,518 of the 5th November 1866. A pathway to be substituted for the divisional wall, lanterns over the gate pillars to be omitted, and one entrance gate provided for the whole cemetery.
