WITH reference to your letter noted in the margin, I have the honour to forward registers of land taken for Railway purposes prepared according to the form therewith received, and to state that the boundaries required in column 3 are not given, as the Deputy Collector says that the banking and side cutting works have been nearly completed throughout the line, whereby the several fields have become quite undistinguishable. But even if this had not been the case, I do not see how the boundaries of petty ryotwari holdings could have been shown in any ordinary statement.
