(Signed) R. B. ELWIN,
Agent and Manager.

From the Agent and Manager of the Carnatic Railway Company, to the Consulting Engineer for Railways, dated Madras, 24th July 1872, No. 499.

I HAVE the honour to acknowledge the receipt of your letter No. 178, dated 22nd instant, enclosing copy of G. O., No. 1,685, dated 13th idem, and in reply beg to state that our station staff belong to the districts through which our line passes, namely, Chingleput and Arcot.

2. With reference to the 2nd paragraph of your letter under reply, I am of opinion that while in practice employés of these classes may generally be selected from local sources; it will not be expedient that the Company should restrict themselves in the matter.

SUBMITTED to Government, with reference to the Order of Government dated 13th July 1872, No. 1,685.

2. It will be observed that, on the Madras Railway, the Madras and North Arcot Districts furnish nearly 60 per cent. of the total number of employés; but the Traffic Manager states that the subordinate grade are, as far as is practicable, recruited from local sources.

3. On the Great Southern of India Railway, the station servants are almost invariably drawn from the district in which their employment lies, or else from the neighbouring district.

4. On the Carnatic Railway, the station staff are recruited from the districts through which the line passes.

(Signed) C. H. P. CHRISTIE, Lieutenant, R.E.,
Offg. Dy. Consulting Engineer for Railways.

No. 279. ORDER THEREON, 18th November 1872, No. 2,705.

RAILWAY, No. 52.

IN compliance with the orders communicated with G. O., No. 1,685, dated 13th July 1872, the Consulting Engineer for Railways submits the papers above recorded showing the sources from which the station staff of the Railways in this Presidency are recruited. In the return forwarded by the Madras Railway the native staff only is shown, and though a very large proportion of these employés is obtained from or near the Presidency Town, it is explained with reference to the lower grades that they are as far as possible drawn from local sources.

2. On the Great Southern of India and Carnatic Railways, it is observed that the station staff is almost exclusively selected from local sources.

3. The papers will be forwarded for the information of the Government of India.
