MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 2751 Press Mis.
364-365.

Dated 22- 11- 1872.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 22nd November 1872.

No. 364. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 7th November 1872, No. 2,811 :—

In reply to G. O. of the 11th October 1872, No. 2,398, I have the honour to state, for the information of Government, that the revised estimates for the Central Delta cannot be submitted within the time therein-mentioned; before the papers were returned to me, the Sub-Collector and I had been in communication about the extent of land likely to be taken up by a better supply of water and by improved drainage, and Mr. Stuart has not yet finished his inquiries, but he has informed me that in Amlapore Taluq alone this will probably be about 20,000 acres; the Deputy Collector in charge of Nuggarum has sent in his returns, and these show an increase of nearly 10,000 acres, so that the extent of land to be provided for will probably correspond with that given by me in my report on the Central Delta when sending up the project.

No. 365. Order thereon, 22nd November 1872, No. 2,751.

IRRIGATION, No. 26.

Ordered to be recorded.

2. The Chief Engineer for Irrigation will take care that no unnecessary delay occurs in carrying out the revision of the Central Delta Project in the Godavery District.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Acting Chief Engineer for Irrigation.
