MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 996 dated 2-3-11 Press/Mis. 2163 18 02

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 23rd November 1872.

No. 396. Read the following Endorsement of the Acting Chief Engineer for Irrigation, dated Fort St. George, 12th November 1872, No. 48 :—

From the Acting Manager of the Madras Irrigation and Canal Company, to the Acting Chief Engineer for Irrigation, dated Madras, 29th August 1872, No. 209.

I HAVE the honour to hand you a detailed estimate of office requisites for the Manager's Office for one year from 1st April 1872 amounting to Rupees 600, also a similar estimate for the Acting Chief Engineer's Office at Kurnool amounting to Rupees 650, and I beg you will do me the favour to obtain early sanction for the disbursement.

2. It may perhaps be well to explain that the expenditure per mensem will necessarily sometimes be in excess—occasionally very much in excess—of the average, but it will probably be more often below the average, and it is believed that the *aggregate* annual expenditure will not exceed the sums named.

SUBMITTED to Government in continuation of this office No. 33 of the 5th September, with a recommendation that the estimates submitted by the Acting Manager for stationery and other office requisites for his office and the office of the Chief Engineer of the Company for the year 1872-73 be sanctioned.

2. The incidence of the charges should be determined on the same principle as that of charges for salaries under head General management.

(Signed) C. J. SMITH, Captain, R.E.,
For *Acting Chief Engineer for Irrigation.*

No. 397. ORDER THEREON, 23rd November 1872, No. 2,763.
