G.O. No. 411, 412	2770	Press / Mis.
Dated	25 · 11	18 92.

Not to be folded or roughly handled

No. 411. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 28th October 1872, No. 2,670 :—

With reference to G. O., No. 70, dated 15th October 1872, passing orders on the Statement of Objectionable Items submitted by the Controller of Public Works Accounts for the month of May 1872, I have the honour to submit herewith, as directed, copy of this office memorandum to the Supervisor in charge of Chicacole Range, relative to the materials of the old school.

1 Copy of letter No. 288, dated 24th March 1872, from the Range Officer.
1 Copy of letter No. 25, dated 29th April 1872, from do.
1 Copy of memorandum No. 107, dated 10th April 1872, from Superintending Engineer, 1st Division.
1 Copy of memorandum No. 622, dated 15th May 1872, from do.

2. I beg also to submit copies of correspondence which has taken place prior to my having sanctioned the amount applied for.

From the Supervisor in charge of No. 1 Range, Chicacole, Ganjam District, to the Superintending Engineer, 1st Division, dated Camp at Nursimpett, 24th March 1872, No. 288.

In continuation of my letter as per margin forwarding an estimate for re-constructing the Anglo-Vernacular School at Chicacole, I beg to request you will be good enough to allow about 100 Rupees for expenditure in removing all the old material from the ruined school building to keep safely in one place for the use of the new one when commenced.

No. 193, dated 20th December 1871.

2. If this material is not removed slowly and kept in a safe state before the receipt of the estimate sanctioned, I fear the rest of the building will also fall down, and thereby spoil the material thereof, interfering with the value of old material which was deducted in the estimate.

Memorandum from the Superintending Engineer, 1st Division, to the Supervisor in charge of No. 1 Range, Chicacole, Ganjam District, dated Dowlaishweram, 10th April 1872, No. 107.

With reference to his letter No. 288, dated 24th March 1872, the Supervisor in charge of No. 1 Range, Ganjam, is informed that permission cannot be granted to incur outlay for removing the old materials of the school building in anticipation of the sanction of Government being obtained to the estimate for the re-construction of their building.

2. It is observed that in the estimate above referred to Rupees 500 only are provided to meet the cost of removing the old materials, whereas the Supervisor now applies for Rupees 100 for that purpose. An explanation should be furnished as to why an application for a larger sum has been made.

From the Supervisor in charge of No. 1 Range, Ganjam District, to the Superintending Engineer, 1st Division, dated Chicacole, 29th April 1872, No. 25.

In answer to your memorandum No. 107 of the 10th instant, I beg to state the reason of applying Rupees 100 instead of 50 Rupees for taking out the old material of the Chicacole Anglo-Vernacular School building as follows for your information.

2. The amount of Rupees 50 which I have provided in the estimate is only for removing old material, but not for taking the material off the roof, such as flat-tiles, tiles, reepers, rafters, nails, etc., separately, one by one, for keeping in a place for safety with a view of using them again to the new building. This guessed item of 100 Rupees will go under the head of 500 Rupees deducted in the estimate as value of old materials.

3. "If this work is not done soon the material of the roof will be spoiled and the value of the old material will be decreased greatly, and thereby cause the estimate insufficient to erect the building.

Memorandum from the Superintending Engineer, 1st Division, to the Supervisor in charge of No. 1 Range, Ganjam, dated Dowlaishweram, 15th May 1872, No. 622.

UNDER the circumstances stated in the above letter, permission is granted to incur an outlay of Rupees 100 to secure the materials of the old building for the Anglo-Vernacular School at Chicacole, and to charge the amount against the grant, namely, Rupees 2,000, provided in the Provincial Budget for 1872-73 for the above school.

No. 412. ORDER THEREON, 25th November 1872, No. 2,770.

CIVIL WORKS, No. 21.

UNDER the explanation afforded by the Officer in charge of the Chicacole Range, the Controller of Public Works Accounts is authorized to admit the charge of Rupees 100 for securing the materials of the old school-house at Chicacole.

2. The substance of the Range Officer's explanation should have been given by the Superintending Engineer in reply to the call made on him without the submission of all the correspondence contrary to standing orders. The attention of the Superintending Engineer to this order was recently directed in G. O., No. 1,968, dated 19th August 1872.
