42, 43, 44.

Dated 3 - 12- 1872.

Not to be folded or roughly handled

E-D

Proceedings of the Madras Government, Public Works Department, 3rd December 1872.

Read the following papers:—

No. 42. From the Special Executive Engineer, Wynaad, to the Secretary to Government, Public Works Department, dated Vythery, 14th October 1872, No. 473.

REFERENCE G. O., No. 1,998, dated 22nd August 1872.

I have the honour to forward plan and estimate* for a dwelling-house for the Deputy Postmaster at Goodalore with the necessary out-houses.

* Rupees 2,960.

2. I find it absolutely impossible to contrive accommodation in the same building as the Cutcherry, and as mentioned in my letter No. 328, dated 25th September 1869, there is no accommodation for Suitors, Vakeels, or witnesses in the Cutcherry; it would greatly add to the convenience of every one attending the Court if the room intended for the Post Office were devoted to that purpose. The room in question is 18 feet × 22 feet, absurdly disproportioned for the business of the Postal Department at Goodalore, while it would be a most inconvenient place for a man to live in with any family; to add on a room would very much disfigure the block of building, and would really be a very trifling saving. I strongly recommend the plan I propose, of which the front part can be used as a Post Office, and it is quite large enough for all purposes, and I think will meet the wishes of the Postmaster General.

3. If the out-houses are built of brick-in-clay, there will be a saving in the estimate of Rupees 80.

4. I must add that the share of the Post Office portion of the new Cutcherry which has been debited to Imperial Funds is Rupees 1,845, and if that is recovered and charged against Provincial Funds, it will leave only Rupees 1,115 to be provided for the estimate now submitted; in that case, however, I shall have to ask for Rupees 1,845 from Provincial Funds to meet the adjustment.

From the same Officer, dated Vythery, 21st October 1872, No. 479.

WITH reference to your memorandum dated 19th October 1872, I have the honour to forward the plan called for.

2. It is necessary to state that the building stands on a flat-topped hill which, however, descends rather sharply, and that on the actual summit there is not room for any detached buildings, such as cook-room and latrine for the Deputy Postmaster. One room would scarcely suffice as a dwelling place for himself and family after a portion of it has been cut off from the actual office, and if a second is added adjoining it will necessitate breaking up the roof, stopping up one window, and opening a new door, and I scarcely think anything will be gained in point of cost.

REFERRED to the Postmaster General for opinion, with reference to his letter No. 2,127 of 9th August.

COONOOR,
6th November 1872.

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government, P.W.D.

No. 43. From the Postmaster General, Madras, to the Secretary to Government, Public Works Department, dated Madras, 13th November 1872, No. 4,936.

I HAVE the honour to return your endorsement dated 6th November 1872, with its enclosures, and in reply to state that if it is not possible to provide accommodation for the Deputy Postmaster and his family in the new Cutcherry building at Goodalore, it will be better to erect a separate building that will contain the necessary accommodation. But there is no immediate necessity for such a building.

No. 44. ORDER THEREON, 3rd December 1872, No. 2,831.

CIVIL WORKS, No. 3.

HIS Excellency the Governor in Council sanctions the plan with estimate, amounting to Rupees 2,960, for the construction of a detached building for the Deputy Postmaster at Goodalore. The work will be authorized to be proceeded with as soon as the Postmaster General shall signify his ability to appropriate the requisite sum of Rupees 1,115 for the purpose, the balance being charged to Provincial Funds.
