Government of Madras.

Public Works DEPARTMENT.

G.O. No. 367, 368, 3002 Press / Mis.

Dated 18-12-1872.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 18th December 1872.

No. 367. Read the following letter from the Superintending Engineer, 7th Division, to the Chief Engineer and Secretary to Government, Public Works Department, dated Coimbatore, 12th November 1872, No. 183 :—

WITH reference to paragraphs 7 and 8 of your memorandum printed with G. O., No. 1,449, dated 12th June 1872, I have the honour to report that I have furnished the Range Officer with written directions for the preparation of preliminary surveys, soundings, borings, etc., to enable him to supply the estimate called for. It is also very necessary that the Range Officer at once commences a series of experiments in order to test the different lines available for concrete blocks, their value, etc., and their cost, to allow of his doing which, as also to meet the cost of boring the bar, etc., etc., etc., I request an allotment of Rupees 2,000 may be placed at his disposal which will be properly accounted for in due course.

No. 368. ORDER THEREON, 18th December 1872, No. 3,002.

ACCOUNT, No. 32.

THE sum of Rupees 2,000 required for preliminary expenses in connection with the project for improving the harbour of Cochin, suggested by Mr. Robertson, being required for Imperial purposes, will, subject to the sanction of the Government of India, be transferred from the allotment of Rupees 50,000 for building a new Telegraph Office at Madras which cannot be availed of.

2. The necessity of boring on the bar is not apparent, the presence of rock at such a depth as to interfere with the object in view being improbable in the extreme.
