No. 412. Read the following letter from the Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 11th December 1872, No. 4,264 :—

THE Superintending Engineer of the 6th Division having reported that no provision existed for the completion of the unfinished Police works of 1871-72 marginally noted, although application had been made to the District Officer requesting that the unexpended balances of the works in question might be allotted at an early date so as to admit of the works being completed, the matter was referred to the Superintendent of Police, Trichinopoly, who, in reply, states that he received no such information from the Superintending Engineer until 29th July 1872, by which time he had forwarded his scheme for 1872-73, and that had any such intimation been given him, he would have materially altered the scheme he has sent in.

Sanctioned in G. Os., Nos. 1,613 and 1,954, dated 16th June and 25th July 1871, Public Works Department.	

2. The works in question having been undertaken by the Department Public Works, it rested with them to have the works completed and the amount allotted expended in full before the close of the official year, and as this was not done the balances lapsed.

3. As it appears from the Superintending Engineer's report that the works in question have been since completed and the buildings made over to the Police Department, and that the contractors are clamorous for the settlement of their accounts, I have the honour to request the sanction of Government for the following transfer of building funds from the allotment for 1872-73 under head " Construction :—"

No. 413. ORDER THEREON, 19th December 1872, No. 3,017.

ACCOUNT, No. 36.

THE Government sanction the proposed transfer of funds to admit of the cost of the completion of the Police works noted in paragraph 1 being defrayed. It is observed that arrangements should long since have been made for obtaining a specific appropriation of funds.
