1872.

From

R. Smith Esquire
Offg. Superintending Engineer
2nd Division

To,

Colonel G. W. Walker RE
Secretary to Government
Public Works department

Sir,

I have the honor to report, with
reference to G.O. No 2374, of 9th Ultimo,
that the Collector of Nellore has informed
me, he cannot agree to my proposal
to transfer Rs 2500, from the Nellore
to the Kistna District, as Revenue
buildings are much wanted in the
former - In this opinion, I fully
concur but I beg to observe that,
the amount cannot be spent, in that
District, for the simple reason that no
estimates have been sanctioned, for that
class of buildings there, with the
exception of one for the Salt Cutcherry

at Kanaparty, and the sum required to complete that work, according to the revised estimate just received from the Range Officer, is Rupees 554. There will therefore be a balance of Rupees 1946 available, and this would enable the construction, of the District Munsiff's Court at Begwadah, to be proceeded with without further delay.

Sanctioned in G.O. No. 1316 of 17th October 1870.

2. An energetic Officer is now in charge of the Range, in which the Cuppole Cutcherry is situated, and I am sanguine a great change for the better, in the working of it, will soon be apparent - The former Range Officer, Mr. Supervisor Franklin, is a steady, good, man but, in my opinion, the Northern Range was too extensive a charge for him to administer satisfactorily.

No. dated 22nd Nov 1872

Do. it appears that the money already allotted cannot otherwise be utilized in the current official year this Excel. levey the Governor in Council sanctions a transfer of Rs 2,000 from the Sub Collectors Cutcherry at Angole to the District Moonsiffs Court house at Bezwada. The Salt Cutcherry at Kanapatty cannot be

dealt with till the esti-
-mate before Government.

His Excellency the
Governor in Council is
not satisfied with the
simple reason assigned
for no expenditure on
Civil Buildings in the
Nellore District. It
is very evident that
there has hitherto been
a want of concert in
the operations of the Public
Works and Revenue
Departments in the
matter which must
on no account be
allowed to continue
and the Nellore Dis-
-trict Engineer will

now take immediate
steps for sending in
plans and estimates
of such Civil Buildings
as the Collector and
Judge may select
for construction and
as he will be pre-
-pared to carry out
in the next official
year.
