Dated 6-3-	1872.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
6th March 1872.*

No. 104. Read the following endorsement of the Acting Consulting Engineer for Railways, dated Madras, 29th January 1872, No. 44:—

MADRAS RAILWAY.

No. 10.

Application from the Agent and Manager requesting an expression of the views of Government to the promotion of the undermentioned Officer.

Department.—Medical. Name.—W. J. vanSomeren. Office.—Consulting Physician. Present salary.—Rupees 210 per mensem. Date of entertainment in the Company's service, and for what period.—13th April 1863. Office and salary proposed.—Consulting Physician. Rupees 350 per mensem from the 1st January 1872. Grounds on which the proposal is made.—Application is made for this increase upon the ground that the duties of the Consulting Physician have greatly increased since the salary of Rupees 210 per mensem was fixed; 832 miles of line are now open, and Dr. vanSomeren has eighteen Apothecaries under him whom he has to direct and advise, when necessary, in their treatment of the Company's officers and servants and their families. In addition to this Dr. vanSomeren has to superintend the sanitary arrangements over the whole line, for which purpose he makes half-yearly inspections of the stations. He also gives medical assistance to all the servants employed at the terminal station here.

2. Dr. vanSomeren has since he became connected with the Company, in 1863, performed the duties of his office with unusual zeal and efficiency, and to his exertions are due a great improvement in the sanitary condition of the Railway and a considerable decrease in the expenditure on account of medicines, etc.

3. The salary I propose, considering the duties performed, compares very favourably with the salaries authorized for the Medical officers of the East Indian and Great Indian Peninsula Railways, and I therefore trust that His Excellency the Governor in Council will be pleased to approve of my application.

Remarks by the Consulting Engineer for Railways.—Submitted for the consideration of the Government.

MADRAS,

8th January 1872.

(Signed) R. B. ELWIN,
Agent and Manager.

From the Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 17th January 1872, No. 30.

In reply to the inquiry contained in your letter No. 19, dated the 15th instant, I have the honour to state that the salary drawn by the Chief Medical Officer on the East Indian Railway is Rupees 200 per mensem, for which payment Dr. Palmer is required to give medical advice to all the staff in the Presidency Division of the East Indian Railway. He examines all men before they go away on sick leave, and generally advises the agency on medical matters.

2. The enclosed paper,* setting forth the revised medical staff employed on the East Indian Railway, will show you the salaries which are drawn by the officers in charge of the several

* To be returned.

divisions of that line, and I will content myself with mentioning the pay of two or three, as they will satisfy you, I trust, that the salary proposed by me for Dr. vanSomeren cannot be considered excessive. For instance, Dr. E. J. Roberts, in charge of the Assensole district, draws Rupees 600 per mensem. Sub-Assistant Surgeon Mitter, in charge of the Rampore Haut District, draws Rupees 300 per mensem, while Dr. W. G. Clark and Dr. F. S. Coombe, in charge of the Jummulpore and Dinapore Districts, respectively, draw Rupees 480 per mensem each.

3. I think you are mistaken in stating, in paragraph 2 of your letter, that on the Great Indian Peninsula Railway, the Surgeon draws Rupees 500 per mensem for a length of 1,278 miles.

*Proceedings of the Madras Government, Public Works Department,
6th March 1872.*

as Mr. Le Mesurier, in his letter to me of the 11th instant, No. 382, states that his Company "employs a qualified Surgeon in Bombay at a salary of Rupees 500 per mensem and an allowance of Rupees 200 for house rent. He looks after the patients in the Company's Infirmary, and has charge generally of the Concan district, which is about 75 miles "

4. Mr. Le Mesurier goes on to say : " We have also five other Surgeons in the up-country districts, whose salaries range from Rupees 250 to Rupees 500 a month, and each is allowed one or two Apothecaries as may be found necessary.

5. As the nature of Dr. vanSomeren's duties is well known to you, I have nothing further to advance to what was stated in my application for an increase to his salary.

From the Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 27th January 1872, No. 52.

I HAVE the honour to acknowledge and thank you for your letter No. 50 of the 24th instant, and in reference thereto to invite your attention to the enclosed copy of a letter* which I yesterday addressed to the Inspector-General of the Indian Medical Department, and also a copy of Dr. Balfour's reply.†

* 26th January 1872, No. 368.
† Do. do. No. 548.

2. From the latter you will observe that, in the opinion of the Head of his Department, Dr. vanSomeren's connection with the Madras Railway has in no way interfered with the proper and efficient discharge of the duties of his office under Government.

3. Dr. Balfour repeats the testimony borne by his predecessor, Inspector-General Mackenzie, in his letter No. 2,223, dated the 23rd of June 1868, as to the labours of Dr. vanSomeren. I cannot think therefore that the Government will be likely to desire that different arrangements be made for medical supervision on this Railway as you suggest, as, under the circumstances, it would be hard that the Company should be deprived of the services of an experienced Consulting Physician with whom they have so much reason to be satisfied, and I therefore request that you will be so good as to forward on my application for Dr. vanSomeren's promotion, together with the enclosed correspondence.

From the Agent and Manager of the Madras Railway Company, to the Inspector-General, Indian Medical Department, dated Madras, 26th January 1872, No. 368.

I HAVE the honour to request that you will be so good as to inform me whether the fact of Dr. W. J. vanSomeren holding the position of Consulting Physician to this Company has up to the present time interfered in any way with the proper and efficient discharge of the duties of his offices under Government?

From the Inspector-General of Hospitals, Indian Medical Department, to the Agent and Manager of the Madras Railway Company, dated Fort St. George, 26th January 1872, No. 548.

In reply to the question contained in your letter No. 368 of this date, I have the honour to mention that the position held by Surgeon Major vanSomeren of Consulting Physician to the Madras Railway Company has not in any way interfered with the proper and efficient discharge of the duties of his office under Government.

2. My predecessor's letter, No. 2,223, dated 23rd June 1868, reported similarly, and I with pleasure repeat the testimony to Surgeon Major vanSomeren's labours, which it conveyed to you.

SUBMITTED to the Government.

2. On a former application for an increase to the salary of the Consulting Physician, the Government in Order of 21st September 1868, No. 2,792, permitted

*Proceedings of the Madras Government, Public Works Department,
6th March 1872.*

previous orders to be held in abeyance during Dr. vanSomeren's tenure of his appointment, the previous orders having been to the effect that the duties of the Consulting Physician of the Madras Railway were of too extensive and onerous a character to be compatible with those of the various appointments which Dr. vanSomeren held at the Presidency.

G. O., No. 1,750, dated 3rd June 1868.

3. The Agent shows that the duties of the Consulting Physician have greatly increased now that the open line has been completed, and recommends an increase of salary from Rupees 210 to Rupees 350. Correspondence that has passed between the Agent and the Inspector-General, Medical Department, is enclosed, and bears testimony to Dr. vanSomeren's efficient discharge of his duties under Government not being impaired by his connection with the Railway.

4. The responsibility of the Consulting Physician to the Railway Company is now certainly greater than when the salary was fixed at Rupees 210; and if that be allowed to establish a claim for a higher salary, I am also of opinion that it will be to the advantage of the Railway Company to pay the increased salary, rather than that different arrangements should be made for the supervision of the medical department.

(Signed) H. L. PRENDERGAST, Major, R.E.,
Acting Consulting Engineer for Railways.

No. 105.

ORDER THEREON, 6th March 1872, No. 609.

RAILWAY, No. 18.

As Dr. vanSomeren has conducted with unquestionable fidelity and zeal the various duties entrusted to him, and the charge of the Consulting Physician of the Madras Railway has greatly increased, the Government will, with reference to the orders of the Government of India, dated 9th February 1872, No. 122 E. R., move that Government to accord their approval to his salary being raised from Rupees 210 to Rupees 300 per mensem subject to the sanction of the Board of Directors.

District draws Rs 600 per mensem. Sub
Assistant Surgeon Mittern charge of the
Rampore Haut District draws Rs 500 per
mensem while Dr. W. G. Clavick and Dr. H. S.
Boomer in charge of the Jummulpore and
Dunapore Districts respectively, draw Rs 480
per mensem each.

3. I think you are mistaken in
stating in paragraph 2 of your letter that on
the Great Indian Peninsula Railway the
Surgeon draws Rs 500 per mensem for a
length of 1278 miles, as Mr. Le Chevalier
in his letter to me of the 11th instant at 382
states that his Company employs a qualified
free Surgeon in Bombay at a salary of
Rs 500 per mensem, and an allowance of Rs 200
for House rent. He looks after the Patients
in the Company's Infirmary and has charge
generally of the Bazaar District which is
about 75 miles.

4. Mr. Le Chevalier goes on to say -
"We have also five other Surgeons in the
"Up Country Districts whose salaries range
from Rs 250 to Rs 500 a month and each is allow-
ed one or two Apothecaries as may be found
necessary."

5. As to the nature of Dr. Van Lameren's
duties as well known to you I have nothing
further to advance to what was stated in
my application for an increase to his salary.

D For attending Company's servants who reside at a distance from Monghyr, (see Res. 810 of Official Meeting No. 64, held on 10th November, 1870.) On leave, Dr. R. J. Atkinson officiating.
Dinapore,	1-4 miles from outside Simultallah to Doonraon Station, including the latter Station, from mile 216 to mile 193.	Dr. F. S. Coombe, One Native Doctor, One Compounder, Two Dispensary Peons, Menial Establishment, One Native Doctor, One Dispensary Peon, One Native Doctor, One Compounder, Two Dispensary Peons, Menial Establishment for Hospital,	Dinapore, Ditto, Ditto, Ditto, Ditto, Mokameh, Nawadi, Ditto, Ditto, Ditto,	480 50		15 12 11 6 5 13 30	744	
							4,283	

Note.—In addition to expenditure shown above, bills are submitted monthly for hospital and incidental expenses and bazar medicines, and passed as contingent charges. No fixed monthly charges are incurred.—(See Agency Circular No. 4, dated 9th July, 1866.)
Travelling allowance at the rate of annas eight (8 aa.) per night is granted to all Native Doctors, when absent on duty from head quarters at night, if duly certified to by the Station Master and countersigned by the Medical Officer of the District. Calls at night for Medical relief should only be made when the case is urgent. In all other cases Medical relief should be asked for during the day.
The Company's own Medical Officers must attend to any accident or to any emergent call whether on their District or not, provided their services happen to be most easily available at the time the call is made. Power is delegated to Medical Officers to alter the residence of their staff from time to time. If by so doing, their Districts can be worked more efficiently, Indents for medicines, instruments, &c., are to be sent direct to the Company's Consulting Physician and Medical Storekeeper at Allahabad, and bills for bazar medicines to the Chief Auditor, agreeably to Circular No. 4 of 1866.
The Company's Native Doctors are bound to attend upon the wives and children of European and East Indian employees gratuitously. The European Doctors are bound to attend upon the Company's Servants only. The wives and families of servants if in or out patients of hospitals, are treated gratuitously, but those who prefer being treated by European Doctors at their own houses, are required to make their own arrangements for attendance.—(See Resolutions 338 and 522 of Agency Meetings Nos. 17 and 44, dated respectively 7th May, and 24th December, 1867, and Resolution 772 of Official Meeting No. 37, dated 15th July, 1865.)
The administration of European in lieu of indigenous medicines to Native office assistants and mechanics, is left to the discretion of the Company's Medical Officers.—(See Resolution 289 of Agency Meeting No. 12, dated 20th March, 1867.)
Menial servants of the Company's employees residing away from large Civil Stations, and where there are no public Dispensaries or Hospitals, are entitled to treatment in Hospital or Dispensary free of charge.—(See Resolution 1764 of Agency Meeting No. 24, held on 12th June, 1871.)
Medical Certificates for sick leave in England should be submitted in duplicate, one copy being for record in the Chief Auditor's Office, and one copy for submission to the Board of Directors in England.

Revised Medical Staff, Upper Division, for the half-year ending 30th June, 1872.

Name of District.	Length of Medical Charge.	Name of Medical Officer in charge. Apothecaries Native Doctors, and other Assistants.	Place of Residence.	Amount of monthly Salary. 		Menial Establishment,	Ditto,					
				Total Rs,			2,520	
charges. No fixed monthly charges are incurred.-(See								

NOTE.—In addition to expenditure shown above, bills are submitted monthly for hospital and incidental expenses and bazar medicines, and passed as contingent charges. No fixed monthly charges are incurred.—(See Agency Circular No. 4, dated 9th July, 1866.)

Travelling Allowance at the rate of annas eight (8 as.) per night is granted to all Native Doctors, when absent on duty from head quarters at night, if duly certified to by the Station Master and countersigned by the Medical Officer of the District. Calls at night for Medical relief should only be made when the case is urgent. In all other cases Medical relief should be asked for during the day. Power is delegated to Medical Officers to alter the residence of their Staff from time to time, if by so doing their Districts can be worked more efficiently.

The Company's own Medical Officers must attend to any accident or to any emergency call whether on their District or not, provided their services happen to be most easily available at the time the call is made.

Indents for medicines, instruments, &c., are to be sent direct to the Company's Consulting Physician and Medical Storekeeper at Allahabad, and bills for bazar medicines to the Chief Auditor, agreeably to Circular No. 4 of 1866.

The Company's Native Doctors are bound to attend upon the wives and children of European and East Indian employees gratuitously. The European Doctors are bound to attend upon the Company's Servants only.

The wives and families of Servants if in or out patients of hospitals, are treated gratuitously, but those who prefer being treated by European Doctors at their own houses, are required to make their own arrangements for attendance.—(See Resolutions 326 and 529 of Agency Meetings Nos. 17 and 41, dated respectively 7th May, and 24th December, 1867, and Resolution 772 of Official Meeting No. 37, dated 13th Jul., 1866.)

The administration of European in lieu of indigenous medicines to Native office assistants and mechanics, is left to the discretion of the Company's Medical Officers.—(See Resolution 289 of Agency Meeting No. 12 held on 26th March, 1867.)

Menial servants of Company's employees residing away from large Civil Stations, and where there are no public Dispensaries or Hospitals, are entitled to treatment in Hospital or Dispensary free of charge.—(See Resolution 1764, of Agency Meeting No. 24 held on 19th June, 1871.)

Medical Certificates for sick leave in England should be submitted in duplicate, one copy being for record in the Chief Auditor's Office, and one copy for submission to the Board of Directors in England.

Edwards Palmer
