margin.

2. Your Lordship will observe that the reports respecting the Bellary and Coodairy Road
and the Bridge over the Pennar, required by the late Court of Directors in their Despatch of
the 17th September 1856, have been already transmitted in a letter from this Government
dated 5th March 1857. The Court's Despatch of the 17th September 1856 was replied to by
this Government on the 18th September 1857, but by an oversight that reply contained no
allusion to the previous transmission of the Chief Engineer's reports; and by a similar over-
sight the Court's reply of the 16th June 1858, stated that the Court awaited the information
which in fact had been already received, and had been acknowledged by them on the 6th April
1858.
