REMARKS.—Submitted for the Orders of Government as to whether the bills can be passed by this office for final adjustment of the outlay incurred, without the required completion certificates from the Public Works Range Officer concerned. The Superintending Engineer states that the works which were executed by the Tahsildar in 1867-68, not having been measured for causes which he cannot explain, the certificates in question cannot now be granted. Adverting to paragraph 3 of that officer's letter, it will be observed that there is no rule in existence which permits Civil Officers granting completion certificates when works executed by them have not been measured by any Public Works Officer.

No. 457. ORDER THEREON, 19th March 1872, No. 783.

ACCOUNT, No. 41.

Looking to the length of time which has elapsed since the works were undertaken by the Revenue Department, the Government authorize the Controller of Public Works Accounts to pass the expenditure of Rupees 260-4-11, incurred on the repair of the Naranamungalam Chittary and Athanamungalam Tanks in the Poloor Taluq of the North Arcot District without the required completion certificate.
