

*Proceedings of the Madras Government, Public Works Department,
21st March 1872.*

No. 501. Read the following letter from the Deputy Secretary to the Government of India, Public Works Department, (Account-General,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 2nd March 1872, No. 214-A. G. :—

I AM directed to acknowledge the receipt of your docket No. 381, dated 8th ultimo, forwarding copy of Proceedings of the Madras Government in respect to the entertainment of an establishment for conducting the survey operations in connection with the Survapully Project; and in reply to point out that the sanction of the Government of India conveyed in No. 529-A.G., of the 18th August last, was for establishment for specific works which were likely to fall hereafter within the category of works executed from Loan Funds. But as the Survapully Project was not included in the list of these works, and as nothing is known of it by the Government of India, funds should not have been appropriated to it from the amounts thus specially sanctioned for other works, in anticipation of the procedure meeting with the approval of the Supreme Government.

2. The outlay on the Survapully Project must for the present at least be met from the ordinary grant.

No. 502. ORDER THEREON, 21st March 1872, No. 806.

ACCOUNT, No. 45.

COMMUNICATED to the Chief Engineer for Irrigation and to the Controller of Public Works Accounts, with reference

to G. O., No. 380, dated 8th February 1872.

2. The charge will be met from savings on the ordinary grant for establishments, and the Chief Engineer for Irrigation will furnish such further information regarding the work on which the establishment is to be employed as may be laid before the Government of India.
