Government of Madras.

Public work No. DEPARTMENT.

G.O. No. 832	Press Mis.
558-59	
Dated 25-3	1872.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
25th March 1872.*

No. 558. Read the following letter from the Secretary to the Government of India, Public Works Department, (Buildings and Roads—Military,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 6th March 1872, No. 323 B. M. :—

I AM directed to acknowledge the receipt of your letter, No. 219 of the 24th January last, stating that the materials received from England for the proposed Snider Factory at Madras, which is not now to be constructed, are not required for any of the railway works connected with that Presidency, and requesting further instructions as to their disposal.

2. In reply, I am to say that as there is apparently no immediate demand for the material in question, the proper course will be to bring it on stock at a fair valuation, or at such valuation as will admit of the material being used on ordinary Provincial or Imperial works without unduly enhancing the cost of such works, and to charge off the difference between that amount and present actual cost of the iron-work, etc., to the Budget of the current year, under Original Works, to the work for which it was originally procured.

No 559. ORDER THEREON, 25th March 1872, No. 832.

MILITARY WORKS, No. 20.

COMMUNICATED to the General Superintendent of Public Works Stores, who will fix a fair value on the Snider Factory materials now in his custody, and, after communicating with the Superintending Engineer of the 4th Division in regard to those stored at St. Thomas' Mount, he will incorporate in one statement all the materials in charge of the Public Works Department, contrasting their assumed value with their actual present cost. On receipt of this information an allotment of funds will be made to cover the difference, which, in accordance with the instructions of the Government of India, is chargeable to the Snider Factory.

(True Extract.)

Colonel, R.E.,
Secretary to Government.
